Plan Ahead to Survive Summer 2016 Road Construction

Georgia DOT Announces Active Season Statewide

CARTERSVILLE, Ga. – It's springtime in Georgia. And summer is right around the corner – the time for lazy days, for cookouts and for fun. It's when we welcome visitors and hit the road with family and friends for outings and vacations. It's also the season for road construction.

Today Georgia Department of Transportation announced plans for one of the busiest summer construction seasons Georgia has seen in years, with more than 470 active construction and maintenance projects along interstates and state routes across Georgia.

While Georgia DOT is doing its part to limit impacts to the public, motorists should prepare for longer than normal traffic delays.

"This summer's construction and maintenance activities will ultimately save taxpayers millions of dollars. Performing maintenance now prevents major repairs later. It also results in less wear and tear on vehicles," said Georgia DOT Commissioner Russell R. McMurry, P.E. "We ask you to plan ahead and know before you go. By knowing what work we are doing and where we are doing it, you can minimize your travel time and your frustration."

In Metro Atlanta, construction of the Georgia Express Lanes network continues with construction of the Northwest Corridor Express Lanes project that adds reversible lanes on portions of I-75 and I-575 in Cobb and Cherokee counties; the addition of reversible, barrier-separated I-75 South Metro Express Lanes and ITS infrastructure in Henry and Clayton counties; and 10 miles of construction to begin late this summer for the I-85 Express Lanes Extension.

Other Metro Atlanta projects include:

- Major resurfacing and maintenance of a six-mile stretch of I-75 from SR 54 in Clayton County through the Downtown Connector to the Brookwood Interchange is expected to be awarded in June.
- In Fulton, Cobb and Douglas counties resurfacing on I-20 from Hill Street to Thornton Road and operational improvements at the I-20 EB/I-285 interchange.
- Reconstruction of the Atlanta Road Bridge and Orchard Road Bridge over I-285 in Cobb County.
- Roundabout construction at I-285 at Riverside Drive in Fulton County.
- Ramp meter installation at interchanges on I-20 on the west side of Atlanta from SR 5 to SR 139/MLK Jr. Drive in Fulton, Cobb and Douglas counties.

Summer maintenance and ongoing construction projects affect all regions of the state.

- In Northwest Ga., there is resurfacing on I-75 in Catoosa County from US 41 to the Tennessee state line. Carroll County has concrete rehabilitation on I-20 from SR 1/US 27 to SR 61.

- In Northeast Ga., Forsyth County has widening and reconstruction on GA 400 from McFarland Parkway interchange to SR 369/Browns Bridge Road.
- In East Central Ga., there are sign replacements at 22 locations on I-20 in Newton and Richmond counties.
- In West Central Ga., new interchange construction just broke ground on I-85 at Poplar Road in Coweta County.
- In Southeast Ga., reconstruction and rehabilitation of an interchange at I-95 and SR 251 in McIntosh County continues. In Chatham County, bridge preservation projects at 22 locations on I-95 are scheduled for completion within 12 months.
- Ongoing projects in Southwest Ga. include resurfacing I-75 from Southwell Road to SR 32 in Tift and Turner counties; and rehabilitation and replacement of portions of bridge deck on I-75 at Old Clyattville Road in Lowndes County.

For details on these and the other major projects across Georgia, visit 511ga.org.

Here's how you can survive summer construction:

- Plan ahead. Before you get into your car – call 511 or visit 511ga.org for real-time information about statewide road conditions. There's also a link to 511 on Georgia DOT's homepage at dot.ga.gov.
- For the statewide list of summer construction projects, visit www.dot.ga.gov/Documents/2016SummerConstructionProjectList.pdf.
- Seek commute options like carpooling, GRTA, MARTA or county transit.
- Be flexible - if your employer agrees, consider telework, compressed work week or flextime. Visit Georgia Commute Options at www.gacommuteoptions.com.
- Drive Alert and Arrive Alive – always buckle up, stay off the phone and no texting, and drive alert with no distractions.
- Obey the rules in work zones – Pay Attention, Slow Down, and Watch for Workers. Keep in mind that work zones are not always stationary. Mobile work zones include litter pickup, mowing and sweeping.
- Above all - *Expect the Unexpected*.

"As we move through this summer construction season, we ask that you please 'pardon our progress,'" McMurry said. "Your dollars are working to build a better Georgia; our workers are working to build a better Georgia, too. Please watch out for them in your travels."

Every day Georgia DOT employees work on roadways in close proximity to travel lanes. Whether they're maintenance, construction or HEROs, it's dangerous. Fifty-eight Georgia DOT personnel and many more motorists, passengers and contractors' workers have been killed in work zone crashes since 1973. When you drive in a work zone, obey the rules: Pay Attention - Slow Down - Watch for Workers. It can make the difference between life and death. Visit www.dot.ga.gov/DS/SafetyOperation/Workzone.

Georgia Department of Transportation

STATEWIDE SUMMER CONSTRUCTION PROJECTS / 2016

DISTRICT 1 (Northeast Georgia) Mohamed Arafa 678-721-5284			
County	**Project Name/ Brief Project Description**	**Lane Closure Allowed & Timeframe**	**Project Timeframe**
Dawson	Intersection Improvements and VDS on SR 400 @ SR 53	SR 400 SB allowed between 7:00 pm to 5:30 am M-Thur. Single lane closures allowed 9:00 pm Sat. to 9:00 am Sun.	Comp: 5/10/17
Forsyth	Widening and Reconstruction on SR 400 From McFarland Road Pkwy Interchange to SR369/ Brown Bridge Road	Southbound lane closures allowed from 9pm to 5am, M – Th; Northbound lane closures allowed daily from 9pm to 12pm	Comp: 10/1/18
Forsyth/ Gwinnett	Widening and Reconstruction SR 20 @ Chattahoochee River @ Forsyth Co. Line	Lane Closures allowed 9:00 am to 4:00 pm and 7:00 pm to 6:00 am, M – F. Single lane closures allowed 10:00 am to 4:00 pm and 7:00 pm to 8:00 am, Sat. and Sun	Comp: 5/31/2018
Forsyth	Widening and Reconstruction on SR 20/Buford Hwy Beg. at Samples Rd. and Ext. to James Burgess Rd.	Single lane closures allowed weekdays from 7pm to 6am and from 8pm to 8am on weekends	Comp: 5/31/19
Gwinnett	Operational Improvements of I-85 NB from SR 140 to Indian Trail Lilburn Rd	Lane closures allowed between 10 pm to 5am Monday to Friday and between 10 pm Friday to 6 am on Weekends	Comp: 1/22/16
Gwinnett	Resurfacing and Maintenance on SR 13 from Old Peachtree Rd to SR 20	No lane closures between 6-9 am & 4-8 pm M-F and 8am-9pm Sat. &Sun.	Comp: 9/30/16

Includes major impact projects across the state. Does not include ALL construction projects.

Georgia Department of Transportation

Gwinnett	Patching and Milling and plant mix SR 13 from SR 20 West of Sawnee Ave.	No Lane closures between 6-9am & 4-8 pm M-F and 8am-9pm Sat. & Sun.	Comp: 10/31/16
Gwinnett	Widening and Construction of SR 20 East of Burnette Trail to Peachtree Ind. Blvd	Single lane closures between 7:00 pm to 6:00 am Mon. Thur. and between 8pm and 6 am on Weekends	Comp: 6/1/17
Gwinnett	Express Lanes I-85 N of Old Peachtree to Hamilton Mill Rd	Lane closures allowed 8:00 pm to 5:00 am, Sun. - Thur. and between 8 pm and 9 am on Weekends; limited lane closures allowed during daytime hours	Comp: 6/26/18
Hall	Widening and reconstruction of SR 347/Friendship Rd beginning at I-985/SR 419 and Ext. to SR 211	Lane closures allowed 9:00 am to 2:30 pm and 6:00 pm to 6:00 am, Mon. - Thu. and some closures on weekends.	Comp: 6/30/16
Barrow/ Gwinnett	Milling and Plant Mix Resurfacing, Shoulder Rehabilitation of SR 8 from South of Stanley Court to NE of Barrow County Line	No lane closures 6-8:30am & 4:30-8 pm M-F	Comp: 9/30/16
Clarke	Resurfacing and Mai of SR 10/US78 from Gaines School Rd to Oglethorpe County Line	No lane closures 6am -8pm m-f and no lane closures between 3pm Friday -9am Monday on UGA home game weekends	Comp: 8/31/16
Oconee	Widening and Reconstruction and Installation of Intersection VDS of Mars Hill Rd from Hog Mtn. Rd to SR 8/SR 316 – Phase I	Single lane closures and flagging operations allowed 9:00 am to 4:00 pm and 7:00 pm to 6:00 am, M – F. University of Georgia Home Football Games Lane Closures No lane closures, flagging operations, or any other activity will be allowed that affects traffic between 3:00 pm the Friday before the game until 9:00 am the Monday after the game throughout the Project.	Comp: 5/26/18
