NOTICE OF DETOUR APPROVAL CAMDEN COUNTY P. I. No. 0013739

Notice is hereby given that the Georgia Department of Transportation has approved the use of and the routing of a detour for this project.
The date of detour approval is: May 20, 2019.

The project is located on SR 25 north of Woodbine over Little Waverly Creek and Waverly Creek in Camden County. The existing bridges and approaches will be reconstructed on the existing alignment. The roadway will be closed during construction.

The detour route would utilize SR 25 Spur eastbound from the intersection with SR 25/US 17 in Woodbine; continuing east on SR 25 Spur, a two-lane roadway; and then continuing north on SR 405/I-95, a six-lane divided roadway, to return to SR 25. The detour length for through traffic between Waverly and Woodbine would be approximately 27.5 miles. The total detour length from the beginning of the project area to the end of the project area would be approximately 36.5 miles. It is estimated the detour would be in place from 18 to 24 months.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
