- ♦ 23891
- ♦ 23899

MCR & Sales (Macon County Recycle Sales) has plans in the near future to connect with the existing railway by transporting recycled rocks to the lower part of our state, where rock will have to be delivered by trucks, this will save fuel usage.

MCR & Sales has certified GAB stone which makes it usable for D.O.T road Base, which allows us to mobilize to other areas where this Service is needed, to maximize loading for haul off and to reuse on those projects. This material can be used for large erosion projects, earth stabilizing projects and road building. Our goal is to one day be able to use this stone at asphalt and concrete plants for new projects.

210 LOWER POPLAR ST. Macon, GA 31201-3514
