

District 7 Maintenance Direction FY17

Current staffing status

195 positions 163 currently filled

- Presently all routine crews are equally represented
- Creation of a 10 person crew in each area
- Combining of two crews to create a mid level full service crew of 15 in the COA
- Special outfits becoming multi-functional

Equipment Direction

- Utilizing smaller multi purpose equipment
- Rentals

ITB/RMR Direction

- ✓ Identify cause for reoccurring issues
- ✓ Determine actions that will reduce occurrences
- ✓ Overall develop a cleaner more pleasant appeal while addressing problems
- ✓ Provide a positive experience inside the metro area

Vegetation removal, Sound wall repair, PCC repair, Barrier wall/Glarescreen, Interchange markings

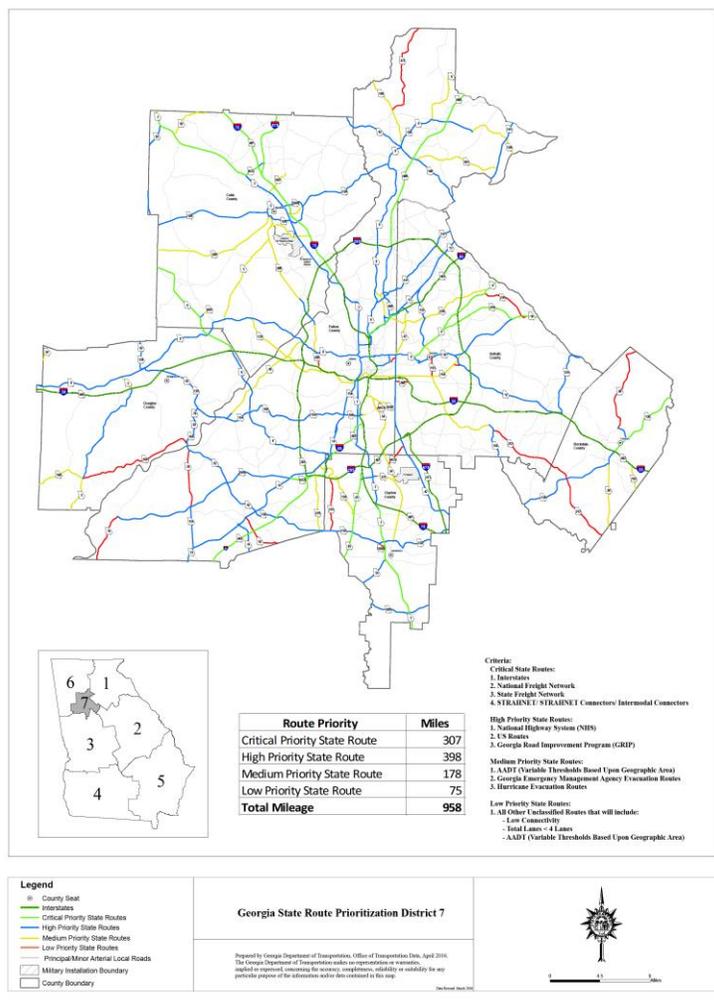

Contract Maintenance Crews

- ❖ *Work independently*
- ❖ *Assign specific routes*
- ❖ *Assign specific activities*

End result – maintenance performed in these areas will eliminate “fires” from occurring

Resurfacing

- A. Utilize paces rating averages for route priorities as a “level of service”
- B. Develop projects to regain levels and maintain levels
- C. Combine projects with ITBs/RMRs and in house work to address maintenance concerns

In House forces

*Comprehensive
Maintenance
Program*

Resurfacing
