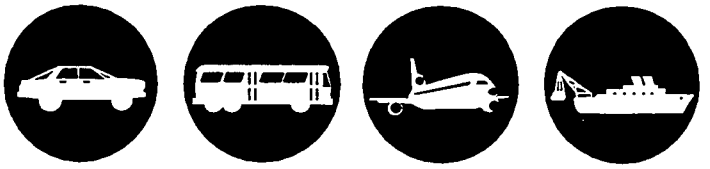
STATEWIDE TRANSPORTATION IMPROVEMENT PROGRAM

GEORGIA DEPARTMENT OF TRANSPORTATION



Fiscal Years
1995 1996 1997

INTRODUCTION

The Statewide Transportation Improvement Program (STIP) is developed to comply with the provisions of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). The STIP contains Federal Aid projects programmed for Fiscal Years 1995, 1996 and 1997. The projects have been identified through the planning process and represent transportation needs statewide.

The STIP includes Highway and Bridge, Bicycle, Pedestrian, Transportation Enhancement, and Public Transportation (transit) projects. Phases of projects, also referred to as project-related activities, such as PE (Preliminary Engineering), ROW (Right of Way) and CONST (Construction) are given for highways, and capital and operating for transit. The projects are organized by Regional Developement Center, County and by mode of transportation. The STIP format has been standardized with the same information for each project.

The STIP is a federal requirement for receipt of Federal Highway Administration and Federal Transit Administration funds. The STIP must be fiscally balanced. Projects and phases of projects listed may only include those for which there is funding available or for which there is a reasonable expectation of obtaining funds. Federal funds for Fiscal Years 1995, 1996 and 1997 are program estimates and will not be final until after the federal budget is approved by October 1 of each year.

The Statewide Transportation Improvement Program places emphasis on maintaining and improving the existing highways, bridges, and public transportation equipment. The public transportation program expenditures focuses on replacement of vehicles and other operating equipment as a means of improving public transit operations, safety, and meeting the requirements of the Americans with Disabilities Act.

The Georgia Department of Transportation is pleased to make this document available. We welcome any comments on the STIP; please send your comments to :

APPENDIX

GLOSSARY OF ACRONYMS AND ABBREVIATIONS

FUND SOURCE:

CATEGORIES OF FEDERAL HIGHWAY ACT (FHWA) FUNDING

CONG MIT./AIR QUAL - Congestion Mitigation / Air Quality
FED. LANDS - Federal Lands
HWY. SAFETY - Highway Safety
I-STATE MAINT. - Interstate Maintenance
I-STATE CONST. - Interstate Construction
NAT'L HIGHWAY - National Highway System
OLD URBAN SYSTEM - funds allocated to Georgia before ISTEA
SURFACE TRANSPORT. - Surface Transportation Program
TRANS. ENHANCE. - Transportation Enhancement Assistance

CATEGORIES OF FEDERAL TRANSIT ACT (FTA) FUNDING

URBAN TRANSIT DISC. - Discretionary assistance awarded on a competitive basis by the FTA; ADA or CAA indicates Americans with Disabilities Act project or Clean Air Act project.
URBAN TRANSIT - Urban Area assistance - can be capital or operating funds; ADA or CAA indicates Americans with Disabilities Act project or Clean Air Act project.
ELDERLY & DISABLED - Assistance for Elderly and Handicapped capital projects.
RURAL TRANSIT - Rural Area assistance - can be capital or operating funds.

OTHER ACRONYMS / ABBREVIATIONS

AL - Alternate
B OR BU OR BUS - Business Route
BYP - Bypass or Circumferential Route
BR - Bridge
CONG DIST. - Congressional District
CONST - Construction
CO - County
CONN - Connector
CL - County Line
CD - Collector-Distributor
CS - City Street
CR - County Road
CWP - Construction Work Program. The Construction Work Program includes projects in two phases Phase I (first three years of the

Program) and Phase II (next three years of the Program). The STIP is derived from Phase I projects.
EXT - Extension
FED SHARE - Federal Share of the cost of the project
FM - Indicates "from"
FRNTG - Frontage
GA. SHARE - Georgia Share of the cost of the project
HOV LANES - High Occupancy Vehicle lanes; designated lanes used exclusively for multiple-occupancy vehicles.
INT - Intersection, usually seen as "Smith Road Int Jones Street".

LGPA - Local Government Project Agreement. These agreements outline highway and bridge project responsibilities between the GDOT and the local government. The status line will indicate if an agreement has been requested, signed or refused (a signed or refused agreement would have the date of the transaction noted on the project description). Most LGPA address sharing responsibilities for right of way, utilities or detours.
LOC SHARE - Local Share of the cost of the project
ML - Milelog
N, S, E, W - North, South, East, West. May also be used in combinations of NE, SW etc.
NB, SB, EB, WB - North Bound, South Bound, East Bound, West Bound - indicating direction of movement. Sometimes will be shown as NBL, SBL, EBL or WBL to indicate North Bound Lane, South Bound Lane, East Bound Lane or West Bound Lane.
NOISE BARR. - Noise Barrier
PE - Preliminary Engineering indicates an early phase of project development that may include surveys, design, environmental and other work done in project development.
P.I. NO. - Project Item Number is unique to each project.
PPL or PL - Passing Lanes
PKWY - Parkway
RECST. OR REHAB. - Reconstruction or Rehabilitation
RR - Railroad Crossing
RTL OR LTL - Right Turn Lane or Left Turn Lane
R/W or ROW - Right of Way

SR - State Route
T&S PROJECT - Traffic and Safety Project
TIP - Transportation Improvement Program developed by the Metropolitan Planning Organizations
UTL OR UTIL - Utilities
