Traffic pacing will periodically occur on the I-285 eastbound and westbound on-ramps to SR 400, both northbound and southbound, from 7 a.m. to 7 p.m. to assist crews, supply deliveries, and allow for construction. Pacing may require the ramp lane width be reduced to allow construction vehicles to enter and exit the work zone. ADVISORY:

Exact construction dates may change due to weather or other factors. Motorists are cautioned to reduce their speed while traveling through work zones. Pay attention and watch for workers.
