

# ***Wayne County Multimodal Countywide Transportation Plan***

**July 23, 2008**

# What is the Wayne County Multimodal Countywide Transportation Plan?

## What is the Plan?

- **Continuous, Coordinated, Comprehensive Planning Partnership Between GDOT and Wayne County**
  - Also involve business and community leaders, education partners, civic organizations, citizens, and others

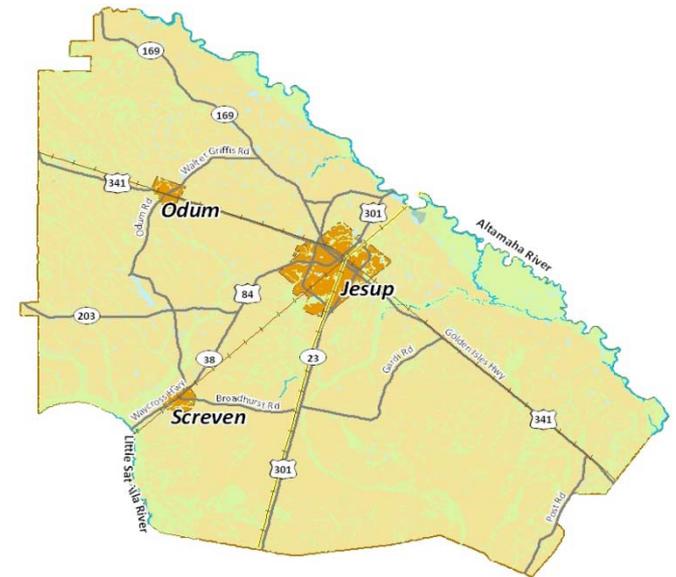

## What Will the Plan Do?

- **Guide Transportation Investment Decisions**
  - Improve Safety
  - Support Economic Development
  - Address Growth
  - Address Traffic Congestion
  - Provide Mobility for All People
- **Identify Short- and Long-Term Needs**

# What Are the Major Elements of the Plan?

- Use Local Data to Identify Transportation, Land Use, Economic, and Demographic Trends
- Evaluate Existing Transportation Conditions
- Evaluate Future Transportation Conditions (2035)
- Develop and Evaluate Potential Transportation Projects (Packages of Projects)
- Recommend Transportation Improvements and Funding Strategies
- Involve Public and Community Stakeholders throughout the study;
  - Hold Advisory Panel Discussions
  - Hold Public Workshops
  - Develop Project Website

## LOCAL PLANS

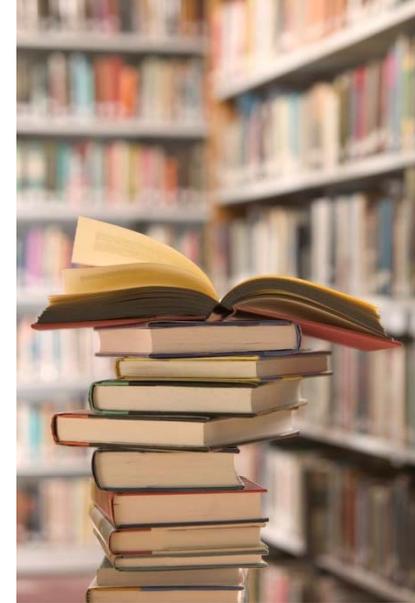

- City of Jesup/Wayne County Greenspace and Uniform Signage System Plans
- Joint Wayne County Comprehensive Plan (2004)
- Sunset Boulevard Plan
- Others?

## REGIONAL PLANS
