Georgia's Honorarium Locator

Office of Transportation Data
Geospatial Data Management Group
600 West Peachtree Street, N.W.
Atlanta, Georgia 30308

Last Update: 8/17/2018

1. Georgia's Honorarium Locator Application

1.1 Georgia's Honorarium

Until 2002, the Georgia General Assembly and the Georgia Transportation Board could acknowledge individuals from Georgia by naming roadway features or facilities in their honor.

Beginning in 2003, only the Georgia General Assembly can acknowledge individuals from Georgia by naming roadway features or facilities in their honor.

Georgia's honorarium can include:

- a bridge or underpass on or intersecting a State Route, US Highway, or Interstate in Georgia
- a portion of a State Route in Georgia
- a portion of a US Highway in Georgia
- a portion of an Interstate in Georgia
- an intersection or interchange on a State Route, US Highway, or Interstate in Georgia

1.2 Georgia's Honorarium Locator Application

You can use Georgia's Honorarium Locator application to view PDF files of the Resolutions for Georgia honorarium, based on:

- the route number where the honorarium is located
- name of the county where the honorarium is located
- the number that corresponds to the GDOT Field District where the honorarium is located
- the name assigned to the honorarium

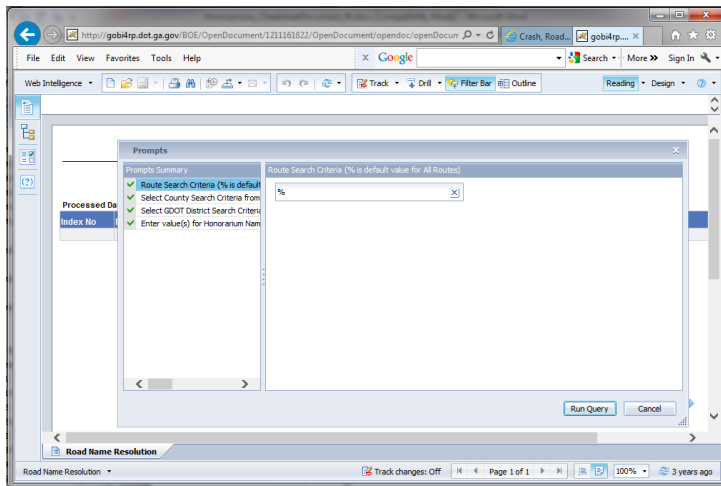

2. Using Georgia's Honorarium Locator Application

2.1 Starting Georgia's Honorarium Locator Application

1. Use Internet Explorer to open the **Drive Smart/Crash, Road, & Traffic Data** page (<http://www.dot.ga.gov/DS/Data>) on the Georgia Department of Transportation (GDOT) website. The Data page is displayed.
2. In the Road & Traffic Data section of the Data page, click the **Honorarium Locator** hyperlink.

The Honorarium Locator page and Prompts window are displayed.

2.2 Searching for Georgia's Honorarium

1. Go to the sub-section in this document that corresponds with the type of search in which you want to do.

To search by...	Go to...
route number	Sub-Section 2.2.1 of this document.
county name	Sub-Section 2.2.2 of this document.
GDOT Field District	Sub-Section 2.2.3 of this document.
honorarium name	Sub-Section 2.2.4 of this document.

2.2.1. Searching for Georgia's Honorarium by Route Number

1. In the Prompts Summary field of the Prompts window, click the **Route Search Criteria** option.

2. In the Route Search Criteria field, type the **route search criteria**:

To display a list of honorariums located on...	Type ...
all route numbers for all route types (Interstates, US Highways, and State Routes)	Type % . %
a specific route number when you do not know the route type (Interstate, US Highway, or State Route)	Type the route number . For example, any route type with a 15 in the route number. 15
a specific route number of a specific route type (Interstate)	Type I , a space , and the Interstate number . For example, Interstate 85. I 85
a specific route number of a specific route type (US Highway)	Type US , a space , and the US Highway number . For example, US Highway 41. US 41
a specific route number of a specific route type (State Route)	Type SR , a space , and the State Route number . For example, State Route 15. SR 15

3. In the Prompts window, click the **Run Query** button.

The first page of honorarium that matches the search criteria is displayed in the Road Name Resolution table, sorted by the Name column.

4. **Scroll** the Road Name Resolution table as required.

5. If the honorarium in which you are searching for is not displayed in the first page of the Road Name Resolution table, do the following sub-steps. Otherwise go to Step 6.
 - a. In the status bar of the Road Name Resolution window, use the **Go To Page** field to view another page of the Road Name Resolution table

- b. **Scroll** the Road Name Resolution table as required.
 - c. **Repeat Steps 5a and 5b of this task** as required.
 - d. **Go to Step 6 of this task.**
6. In the Index No column, click the **index number** that corresponds with the honorarium in which you want to open.

The corresponding honorarium resolution PDF file is opened in a new window. You can view, print, or save this file to your computer.

7. **To do another search**, do the following sub-steps:
 - a. In the ribbon of the Road Name Resolution window, click the **Refresh** button.

The Prompts window is displayed.

- b. **Go to Sub-Section 2.2** of this document.

2.2.2. Searching for Georgia's Honorarium by County Name

1. In the Prompts Summary field of the Prompts window, click the **Select County Search Criteria** option.

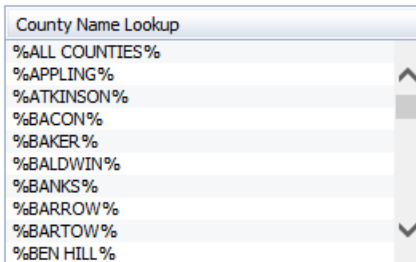

2. In the Prompts window, click the **Refresh Values** button.

The County Name Lookup list is refreshed.

3. **Scroll** the County Name Lookup list as required and **double-click** the name of the county where the honorarium is located.

4. In the Prompts window, click the **Run Query** button.

The first page of honorarium that matches the search criteria is displayed in the Road Name Resolution table, sorted by the Name column.

5. **Scroll** the Road Name Resolution table as required.
6. **If the honorarium in which you are searching for is not displayed in the first page of the Road Name Resolution table**, do the following sub-steps. **Otherwise go to Step 7.**
 - a. In the status bar of the Road Name Resolution window, use the **Go To Page** field to view another page of the Road Name Resolution table

- b. **Scroll** the Road Name Resolution table as required.
 - c. **Repeat Steps 6a and 6b of this task** as required.
 - d. **Go to Step 7 of this task.**
7. In the Index No column, click the **index number** that corresponds with the honorarium in which you want to open.

The corresponding honorarium resolution PDF file is opened in a new window. You can view, print, or save this file to your computer.

8. **To do another search**, do the following sub-steps:
 - a. In the ribbon of the Road Name Resolution window, click the **Refresh** button.

The Prompts window is displayed.

- b. **Go to Sub-Section 2.2** of this document.

2.2.3. Searching for Georgia's Honorarium by GDOT Field District

1. In the Prompts Summary field of the Prompts window, click the **Select GDOT District Search Criteria** option.

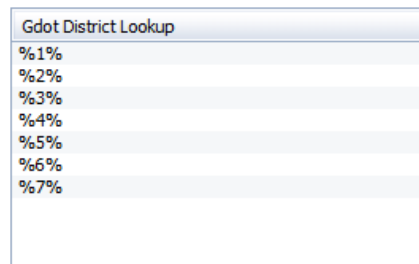

2. In the Prompts window, click the **Refresh Values** button.

The GDOT District Lookup list is refreshed.

3. In the GDOT District Lookup list, **double-click** the number that corresponds with the GDOT Field District where the honorarium is located.

4. In the Prompts window, click the **Run Query** button.

The first page of honorarium that matches the search criteria is displayed in the Road Name Resolution table, sorted by the Name column.

5. **Scroll** the Road Name Resolution table as required.
6. **If the honorarium in which you are searching for is not displayed in the first page of the Road Name Resolution table, do the following sub-steps. Otherwise go to Step 7.**
 - a. In the status bar of the Road Name Resolution window, use the **Go To Page** field to view another page of the Road Name Resolution table

- b. **Scroll** the Road Name Resolution table as required.
 - c. **Repeat Steps 6a and 6b of this task** as required.
 - d. **Go to Step 7 of this task.**
7. In the Index No column, click the **index number** that corresponds with the honorarium in which you want to open.

The corresponding honorarium resolution PDF file is opened in a new window. You can view, print, or save this file to your computer.

8. **To do another search**, do the following sub-steps:
 - a. In the ribbon of the Road Name Resolution window, click the **Refresh** button.

The Prompts window is displayed.

- b. **Go to Sub-Section 2.2** of this document.

2.2.4. Searching for Georgia's Honorarium by Honorarium Name

1. In the Prompts Summary field of the Prompts window, click the **Enter Values For Honorarium Name** option.

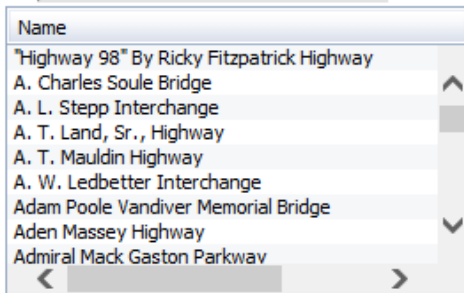

2. In the Prompts window, click the **Refresh Values** button.

The Name list is refreshed.

3. If you know the exact name of the honorarium in which you are searching, do the following sub-steps. Otherwise go to Step 4:
 - a. Scroll the Name list as required and double-click the name of the honorarium.

- b. Repeat Steps 3a and 3b of this task as required.
- c. Go to Step 4 of this task.

4. If you do not know the exact name(s) of the honorarium(s) in which you are searching, do the following sub-steps:

- a. In the search entry field, type the **partial name of the honorarium**.

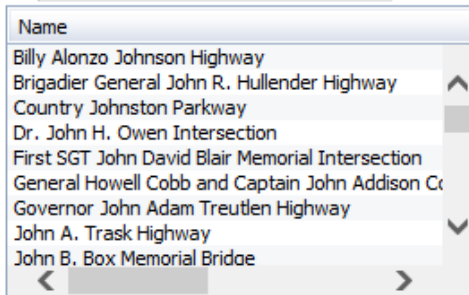

- b. Click the **Search** icon button.

The Name list displays the names of the honorariums that match the search criteria.

- c. In the Name list, **double-click the name of the honorarium**.

- d. Repeat Steps 4a, 4b, and 4c of this task as required.
- e. Go to Step 5 of this task.

5. In the Prompts window, click the **Run Query** button.

The first page of honorarium that matches the search criteria is displayed in the Road Name Resolution table, sorted by the Name column.

6. **Scroll** the Road Name Resolution table as required.
7. **If the honorarium in which you are searching for is not displayed in the first page of the Road Name Resolution table**, do the following sub-steps. **Otherwise go to Step 8.**

- a. In the status bar of the Road Name Resolution window, use the **Go To Page** field to view another page of the Road Name Resolution table

- b. **Scroll** the Road Name Resolution table as required.
- c. **Repeat Steps 7a and 7b of this task** as required.
- d. **Go to Step 8 of this task.**

8. In the Index No column, click the **index number** that corresponds with the honorarium in which you want to open.

The corresponding honorarium resolution PDF file is opened in a new window. You can view, print, or save this file to your computer.

9. **To do another search**, do the following sub-steps:
 - a. In the ribbon of the Road Name Resolution window, click the **Refresh** button.

The Prompts window is displayed.

- b. **Go to Sub-Section 2.2** of this document.
