Project Overview

GDOT is updating the Statewide Transportation Plan (SWTP) and Statewide Strategic Transportation Plan (SSTP). To do this, GDOT is looking at transportation issues facing Georgia now and through 2050, as illustrated at right.

Stay Informed

For further information or questions regarding the plan update, contact:

Ms. Kelly Gwin SSTP@dot.ga.gov
Branch Chief, GDOT Office of Planning
Or visit the project website
http://www.dot.ga.gov/IS/SSTP

The SWTP

→ Fulfills Federal requirement that states have a multimodal long-range transportation plan that maintains a 20-year horizon into the future

→ Assesses current and future performance of all major transportation modes in the state and linkages between modes

The SSTP

→ Serves as the official, intermodal, comprehensive, fiscally constrained transportation plan

→ Includes programs and other activities to support implementation of the state’s strategic transportation goals and policies

Plan Update Schedule

Examining current & future conditions/deficiencies of all modes of transportation in Georgia

Developing projections of future fiscal and travel-related needs of the state

Exhibit - SWTP 2050

Fulfills Federal requirement that states have a multimodal long-range transportation plan that maintains a 20-year horizon into the future

Assesses current and future performance of all major transportation modes in the state and linkages between modes

Serves as the official, intermodal, comprehensive, fiscally constrained transportation plan

Includes programs and other activities to support implementation of the state’s strategic transportation goals and policies
