BlackCat Transit Management System®
What is the BlackCat Transit Management System®?

• A grant management system specifically for use by the state Departments of Transportation (DOT) and other key transportation industry organizations.

• It is a secure, web-based system that allows an entire grant program to be automated and managed online.

• Allows agencies to apply for funding through an online grant application process.

• Provides an efficient way to report on grants after funds are awarded.

• Enables users to track their budgets and request payments in one easily accessible database.
