

# Employee Qualification Statement

## Area Class 1.06(e) – Ecology

Firm Name: \_\_\_\_\_

Employee Name: \_\_\_\_\_

In concise and complete sentences using the format below, please list your relevant education and experience that demonstrates your ability to perform work in Area Class 1.06(e) (attach extra sheets if necessary). List only transportation or other infrastructure projects in which you have directly performed Area Class 1.06(e) work. It must be shown that the employee has at least three years of closely related experience **OR** one year of closely related experience plus completion of the courses listed below. Experience descriptions must be written in the first person and must state work that was *personally completed*. Experience descriptions must detail the employee's experience in compliance with each of the listed laws. In addition, within each section, please identify any GDOT projects on which you have performed related work. Finally, include a *curriculum vitae* for the employee.

Section 7 of the Endangered Species Act (list species surveyed for, describe location and types of projects, describe relevant documentation/reports prepared, describe and document any related training):

Section 404 of the Clean Water Act (describe associated field efforts, list the number and types of permits applied for, describe location and types of projects worked on, describe relevant documentation/reports prepared, describe and document any related training):

Georgia Erosion and Sedimentation Act (detail associated field efforts, list number of variance applications prepared and details on the types of buffer encroachments covered in applications, describe the locations and types of projects worked on, describe relevant documentation/reports prepared, describe and document any related training):
