(If applicable)

In brief, concise sentences and using the following format, please describe your work experiences that demonstrates your ability to determine the extent and nature of airport development needed at a specific existing or proposed publicly owned airport. The planning is to be based on short, intermediate and long-range (approximately five, ten and twenty year) aeronautical service demands of the area which the airport development is intended to serve. The planning may be concerned with the expansion and modernization of existing airports or with the establishment of new airports. It will include the location and nature of existing and proposed airport facilities and of their proposed modifications and extensions. The location of existing and proposed non-aviation areas and their existing improvements will also be included. Please refer to the Consultant Prequalification Manual for additional personnel requirements.

Experience descriptions must be written in first person and must state the design personally completed.
