

Employee Qualification Statement

Area Class 3.07 – Traffic Operations Design

One Professional Engineer Required

OR One Professional Engineer with 15 years or more of applicable experience

Firm Name:

Employee Name:

Professional Engineer, GA #:

In brief, concise sentences and using the following format, please describe your work experiences that demonstrate your ability to: prepare construction plans and/or specifications for improvements designed to alleviate traffic problems including signalization, pavement marking, signing, or addition of pedestrian accommodations. Experience with projects which required drainage improvements, minor roadway reconstruction, and/or determination of right of way is preferred. This area class is primarily utilized for design of traffic signals. Experience in traffic signal design is preferred. Experience descriptions must be written in first person and must state the design personally completed.
