

Employee Qualification Statement

Area Class 4.02 – Major Bridge Design

Two Georgia Professional Engineers required

Firm Name:

Employee Name:

Professional Engineer, GA #:

Describe project experience (may be experience with previous firm) of one or more bridges. In brief, concise sentences and using the following format, please describe your work experiences that demonstrate your ability to perform work in Area Class 4.02. Experience descriptions must be written in first person and must state the major bridge design experiences that were personally completed. The combined experience descriptions must at a minimum include design and preparation of construction plans for bridges having complex geometry, spans estimated less than 300 feet, non-conventional substructures, substructures requiring ship impact, bridges over navigable waters, railroad bridges, post-tensioned concrete beams, post-tensioned substructures and continuous steel including steel box girders and curved steel girders.
