SECTION 1.0 INTRODUCTION AND GENERAL PROVISIONS

1.1 Introduction

The Georgia Department of Transportation (“GDOT”), an agency of the State of Georgia (“State”), issued a Request for Proposals (“RFP”), dated [and subsequently amended], pursuant to Section 32-2-81 of the Official Code of Georgia Annotated (“Code”), Chapter 672-18 of the Rules of the Georgia Department of Transportation (“Rules”), and other applicable laws and guidelines.

The RFP solicits competitive detailed Proposals (as described in more detail in Section 1.5.1) to develop the Project by means of a Design-Build Agreement (the “DB Agreement”) between the successful Proposer and GDOT. Under such DB Agreement, the Design-Build Team will be required to design and construct the Project during the contract period.

Following the release of initial RFP, Proposers may submit questions regarding the RFP, in accordance with the procedures set forth in the RFP. In response to feedback and input received from the Proposers and other stakeholders, GDOT may opt to issue Addendums to the RFP. In the event that GDOT issues any Addendums to the RFP, the Addendums may supplement or replace the RFP in whole.

Proposals will only be considered from those entities that meet the minimum requirements set forth in the RFP; the Proposal Content and Submittal Requirements in Section 4. This set of Instructions to Proposers (“ITP”) provides instructions to be followed by Proposers in their responses to the RFP. Proposals must comply with the ITP requirements.

Refer to Exhibit 1 of the Design-Build Agreement hereto for the meaning of various capitalized terms and acronyms used but not defined herein. Unless otherwise specified, references to Sections, Exhibits and Forms shall mean Sections of the ITP and Exhibits and Forms attached to the ITP.

1.2 RFP Documents

The RFP consists of the items listed below, and any other documents that may be issued by Addendum, as such documents may be amended and supplemented:

- Instructions to Proposers (ITP) (including the attached Exhibits and Forms);
- DB Documents (including the DB Agreement); and
- Reference Information Documents (RID).

Refer to Article 1.2 of the DB Agreement for a list of the DB Documents and their order of precedence. The RIDs are listed on Exhibit H hereto.
The ITP and the RIDs are not contract documents and will not form a part of the DB Documents. GDOT does not make any representation or guarantee as to the accuracy, completeness, or fitness of the RIDs. GDOT does not take any responsibility for the RIDs and Proposers are responsible for any conclusions they may draw from the RIDs. GDOT is making the RIDs available to Proposers for the sole purpose of providing information in the possession of GDOT, regardless of whether such information is accurate, complete, pertinent, or of any value.

1.3 General Project Description

The Project is being [ADD PROJECT GOALS].

[Add Project Description].

The Design-Build Team will be responsible for the design and construction of the Project during the contract period. As part of such construction work, Design-Build Team will be responsible for undertaking and completing certain utility adjustments pursuant to Section 7.5 of the DB Agreement and the Technical Provisions.

1.4 Procurement Schedule

The procurement schedule is as follows:

</table>

All dates set forth above and in the RFP are subject to change in GDOT's sole discretion. To the extent such dates are changed, GDOT shall formally notify Proposers through the project advertisement through the Electronic Bid Submission website (Bid Express™) provided in Standard Specification 102.06. All times in this ITP are Eastern Standard Time (EST) or Eastern Daylight Time (EDT), as applicable.

1.5 General Provisions Regarding Proposals

1.5.1 Proposal Contents

As used in this procurement, the term “Proposal” means a Proposer's complete response to the RFP, including Proposer's:

(a) Administrative Information Submittals;
(b) Technical Proposal for the Project; and
(c) Price Proposal for the Project (submitted through Bid Express®).

Detailed instructions regarding the Administrative and Technical Proposal submittal and the Price Proposal are provided in Section 4, Exhibits B and C. Forms required for inclusion in the Proposals are attached to this ITP. Each Proposal component shall be clearly titled and identified and shall be submitted without reservations, qualifications, conditions or assumptions. Any failure to provide all the information and all completed Forms in the format specified by the ITP may result in GDOT’s rejection of the Proposal. All blank spaces in the Proposal forms must be filled in as noted. No substantive change(s) shall be made to the Proposal Forms. The successful Proposer will be required to deliver an original copy of Form L prior to the execution of the DB Agreement.

1.5.2 Inclusion of Proposal in DB Documents

Portions of the successful Proposer’s Proposal will become part of the DB Documents, as applicable and to the extent specified in the RFP. All other information is for evaluation purposes only and will not become part of the DB Documents.

1.5.3 Commitments in the Proposal

GDOT will give no consideration to tentative or qualified commitments in the Proposals. For example, GDOT will give no consideration to phrases such as “we may” or “we are considering” in the evaluation process because they do not indicate a firm commitment.

1.5.4 Property of GDOT

All documents include in the Proposals submitted by Proposers in response to the RFP shall become the property of GDOT and will not be returned to Proposer.

1.6 Improper Conduct

1.6.1 Prohibited Activities

If Proposer, or anyone representing Proposer, offers or gives any advantage, gratuity, discount, bribe, or loan of any sort to GDOT, the State Transportation Board, or officers, administrators, staff or consultants of GDOT, including agents or anyone representing the foregoing at any time during the Project procurement process: (1) GDOT shall immediately disqualify Proposer; (2) Proposer shall forfeit its Proposal Guaranty, if applicable; and (3) GDOT may sue Proposer for damages.

1.6.2 Non-Collusion

Proposer shall not undertake any of the prohibited activities identified in the Non-Collusion Certification.
1.6.3 Organizational Conflicts of Interest

Proposers are advised that the Conflicts of Interest Policy and the organizational conflict of interest rules found in 23 C.F.R. § 636, Subpart A, including 23 C.F.R. § 636.116, apply to this procurement.

Each Proposer must include in its Proposal a full disclosure of all potential organizational conflicts of interest within its team.

Proposer is prohibited from receiving any advice or discussing any aspect of the Project or the procurement of the Project with any person or entity with an organizational conflict of interest, including, but not limited to the entities and individuals listed in Exhibit G (List of GDOT Project Team); and any parent, affiliate, or subsidiary of any of the foregoing entities, or an entity that is under common ownership, control or management with any of the foregoing entities.

By submitting its Proposal, each Proposer agrees that, if an organizational conflict of interest is thereafter discovered, Proposer must make an immediate and full written disclosure to GDOT that includes a description of the action that Proposer has taken or proposes to take to avoid or mitigate such conflicts. If Proposer was aware of an organizational conflict of interest prior to award of the DB Documents and did not disclose the conflict to GDOT, GDOT may terminate the DB Documents for default.

1.6.4 Restrictions on Participation

Proposers are advised that the following entities and individuals are precluded from submitting a Proposal and from participating on a Proposer team as a Participating Member, Major Non-Participating Member, Contractor, subcontractor or subconsultant:

(a) any entity or individual listed in Exhibit G (List of GDOT Project Team). GDOT has contracted with these entities or individuals, as the case may be, to aid in the development of the RFP, scope of services for the Project, or to participate in the Proposal evaluation process;

(b) any entity that is a parent, affiliate, or subsidiary of any of the entities listed in Exhibit G, or that is under common ownership, control or management with any of the foregoing entities; and

(c) any Contractor who is currently suspended, debarred or voluntarily excluded under 49 Code of Federal Regulations (CFR) Part 29 or is otherwise determined to be ineligible to participate in the federal-aid highway program.

1.6.5 No Participation on More Than One Proposer Team

To ensure a fair procurement process, Participating Members and Major Non-Participating Members of Proposer teams are forbidden from participating, in any
capacity, on another Proposer team during the course of the Project procurement (i.e. until execution of the DB Agreement by GDOT). The foregoing prohibition extends to affiliated entities of Participating Members and Major Non-Participating Members. GDOT reserves the right to disqualify any Proposer that fails to comply with this prohibition. If a Proposer has any question as to whether or not its proposed team would be in compliance with the terms of this Section 1.6.5, such Proposer may submit the issue to GDOT in writing, describing in reasonable detail the proposed structure and seeking clarification.

1.6.6 Reserved

1.7 Equal Employment Opportunity

Proposers shall not, in connection with the RFP and the DB Documents, discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, marital status, or disability. Proposers shall take affirmative action to ensure that applicants for employment and employees are not discriminated against because of their race, color, religion, sex, national origin, age, marital status, or disability. The areas requiring such affirmative action shall include, but not be limited to, the following: layoff or termination; rates of pay or other forms of compensation; employment; job assignment; promotion; demotion; transfer; recruitment/recruitment advertising; and selection for training, including apprenticeship, pre-apprenticeship and/or on-the-job training. Please see Attachment 5 to Exhibit 8 to the DB Agreement for the federal equal employment opportunity provisions that apply to the Project.

1.8 DBE Participation

The purpose of this section is to establish criteria for acceptability of Disadvantaged Business Enterprise (DBE) firms for Work performed on this contract. The intent is to ensure all participation counted toward fulfillment of the DBE goals is (1) real and substantial, (2) actually performed by viable, independent DBE owned firms, and (3) in accordance with the spirit of the applicable laws and regulations.

The policy of GDOT is to ensure compliance with Title VI of the Civil Rights Act of 1964, 49 Code of Federal Register, Part 26 and related statutes and regulations in all program activities.

To this end GDOT shall not discriminate on the basis of race, color, sex or national origin in the award, administration and performance of any GDOT assisted contract or in the administration of its Disadvantaged Business Enterprise Program. GDOT shall take all necessary and reasonable steps to ensure nondiscrimination.

DBE payments and commitments for Federal-aid projects shall be separate and distinct and cannot be transferred or combined in any matter.

The DBE Goal specified in the contract will be a percentage representing the DBE Race Conscious Participation. The DB Team will strive to achieve an additional percentage in
his/her contracts for all projects during the course of the current State Fiscal Year, in order to meet the overall Georgia Department of Transportation DBE goal. The Proposer is encouraged to meet this goal throughout the Term of the Agreement.

GDOT's overall statewide DBE goal is fifteen percent (15%) of the overall Project design and construction costs, with respect to the race conscious participation by the Design-Build Team. For further information regarding GDOT's DBE program and the Design-Build Team's DBE obligations, Proposers may contact GDOT's Equal Opportunity Office, at (404) 631-1972. GDOT will be undertaking public outreach efforts during the procurement process to facilitate the identification of DBE firms and employment opportunities for minorities and women.

1.9 Federal Funding and Requirements

Proposers are advised that the Project will require the use of federal funds. Accordingly, applicable federal law and FHWA regulations will govern the Project's procurement and contract documents.

1.10 Status of Environmental Documents

The Environmental Documents, which include the NEPA/GEPA and all required environmental classes, are being pursued for the Project by GDOT in accordance with the RIDs.

[PROVIDE STATUS OF THE ENVIRONMENTAL DOCUMENTS AND ANY OTHER FEDERAL APPROVALS SUCH AS IMR, IJR]

1.11 Qualification of Construction and Design Firms

Proposers shall ensure that the entities identified in Sections 1.11.1 and 1.11.2 have satisfied the pre-qualification requirements set forth in this Section 1.11.

In addition, before commencing performance of any Work, all firms must register to do business in the State. This can be accomplished by contacting the Georgia Secretary of State Corporations Division Office at (404) 656-2817 or visiting their website at:

http://www.sos.ga.gov/corporations/

1.11.1 Required Pre-Qualification for Contractors

The Lead Contractor shall be pre-qualified with GDOT prior to the Proposal Due Date. If the roadway work is not performed by the pre-qualified Lead Contractor, the entity performing the roadway work shall also be pre-qualified prior to initiating any Work.

The pre-qualification process involves, but is not limited to submitting (a) a completed contractor qualification form and (b) financial statements to GDOT. For further information regarding the pre-qualification process, please see:
1.11.2 Required Pre-Qualification for Engineers

If Proposer's design for the Project includes design work outside the scope of the area classes set forth in the foregoing list, at least one team member shall be prequalified with GDOT in the appropriate area class.
The prequalification requirement does not apply to any area class that is not implicated by a Proposer's design for the Project. The pre-qualification process involves submitting (a) a pre-qualification form and (b) grid sheet to GDOT. For further information regarding the pre-qualification of engineers, please see: [http://www.dot.ga.gov/PartnerSmart/Business/Prequalification/Pages/default.aspx](http://www.dot.ga.gov/PartnerSmart/Business/Prequalification/Pages/default.aspx)

### 1.11.3 Pre-Qualification Assistance

For assistance with the contractor pre-qualification process, call (404) 631-1213. Proposers can obtain assistance with the engineering pre-qualification process by contacting the Transportation Services Procurement office at (404) 631-1426 or consultants_prequalifications@dot.ga.gov.

### 1.12 Establishment of Single Purpose Entity(ies)

If the Apparent Successful Proposer contemplates the creation of one or more single purpose entities as the parties to execute the DB Documents, Proposer is required to establish each such single purpose entity and submit executed copies of the articles of incorporation and any other corporate formation documents for the single purpose entity to GDOT within sixty (60) days of GDOT's announcement of the Apparent Successful Proposer. Proposers anticipating the creation of any such single purpose entity must include pro forma corporate formation documents in the Proposal, as described in Exhibit B. Failure to meet the requirements in this Section 1.12 will result in forfeiture of the Proposer Proposal Guaranty. Establishment of the single purpose entity(ies) (if any) is a prerequisite to execution of the DB Documents.

### SECTION 2.0 PROCUREMENT PROCESS

#### 2.1 Method of Procurement

GDOT is issuing the RFP in accordance with the provisions of Sections 32-2-81 of the Code, Chapter 672-18 of the Rules and other applicable laws and guidelines. GDOT will award the DB Documents (if at all) to the Proposer that submits the Lowest Qualified Price Proposal. Subject to Section 8.1, GDOT will base the evaluation of Proposals on information submitted in the Proposals, and will involve both pass/fail evaluation factors and price criteria, as further detailed in Section 5 below and in the Exhibits to this ITP.

#### 2.2 Communications between GDOT and Proposers

The RFP will be issued to Proposers in electronic format on the electronic bidding website for the Project as defined in Standard Specification 102.06. Additional project information may be contained on a SharePoint site for the Project (the "SharePoint Site"). The SharePoint Site can be found at the address below and by clicking on the Project’s PI. No. Each Proposer will be required to check the electronic bidding website and SharePoint site often for Addenda to the RFP and for other procurement related information.
2.2.1 Designated Point of Contact

The following individual has been designated as the Contracting Officer for the Project (the “Authorized Representative”):

Monica Flournoy  
Construction Bidding Administrator  
Georgia Department of Transportation

From time to time during the procurement process or during the term of the DB Documents, GDOT may designate another Authorized Representative to carry out some or all of the obligations pertaining to the Project.

2.2.2 Rules of Contact

Unless specifically authorized elsewhere in this ITP, the Authorized Representative, as may be changed in writing by GDOT, is the single contact and source of information for this procurement.

The rules of contact set forth in this Section 2.2.2 shall apply during the Project procurement process, commencing with the issuance of this ITP. These rules are designed to promote a fair, unbiased, and legally defensible procurement process. Contact includes face-to-face, telephone, electronic-mail (e-mail), text or any other form of formal written communication.

The specific rules of contact are as follows:

(a) Neither a Proposer nor any of its team members may communicate with another Proposer or members of another Proposer's team with regard to the RFP or either team's Proposal. This prohibition does not apply to (1) Proposer communication with a Contractor that is on both its team and another Proposer's team, provided that the Contractor shall not act as a conduit of information between the two Proposers; and (2) public discussion regarding the RFP at GDOT-sponsored informational meetings.

(b) Unless otherwise specifically noted in this ITP or authorized by the Authorized Representative, all Proposer communication with GDOT will be between Proposer's identified representatives and the Authorized Representative. All such communication must be in writing (by e-mail).
(c) Under normal circumstances, the Authorized Representative will contact a Proposer in writing through Proposer's designated representative.

(d) Continuing until the earliest of (1) execution and delivery of the DB Documents, (2) GDOT's rejection of all Proposals or (3) cancellation of the Project procurement, neither a Proposer nor its agents may have ex parte communications with GDOT employees, members of the Technical Review Committee, the Bid Review Committee, the State Transportation Board, any other person who will evaluate Proposals and any person identified in Section 1.6.4, regarding the Project, except for communications expressly permitted in this ITP or through the process identified above. The foregoing restriction shall not, however, preclude or restrict communications regarding matters unrelated to the Project or from participating in public meetings or any public or Proposer workshop related to the Project. GDOT may, in its sole discretion, disqualify any Proposer engaging in such prohibited communications.

(e) Any contact by a Proposer determined by GDOT to be improper may result in disqualification of Proposer.

(f) Written communications regarding the Project will be disseminated from GDOT on GDOT letterhead. The Authorized Representative will sign such communications. Alternatively, the Authorized Representative may communicate via email originating from GDOT's server.

(g) GDOT will not be responsible for or bound by (1) any oral communication or (2) any other information or contact that occurs outside the official communication process specified herein, unless confirmed in writing by the Authorized Representative.

2.2.3 Language and United States Dollar Requirements

All correspondence regarding the RFP, the Proposal, the DB Documents and all other matters pertaining to this procurement is to be in the English language. If any original documents required for the Proposal are in any other language, Proposer shall provide a certified English translation, which shall take precedence in the event of conflict with the original language. Proposer shall exclusively use United States dollars in its Proposal, except in pre-printed or reference materials. Unless otherwise specified, all references to monetary values shall be in United States dollars. In the evaluation of Proposals, GDOT may choose to disregard any financial figures provided by Proposer in denominations other than United States dollars.

2.3 Questions and Responses Regarding the RFP

Proposers shall be responsible for reviewing the RFP and any Addenda issued by GDOT prior to the Proposal Due Date, and for requesting written clarification or interpretation of any perceived discrepancy, deficiency, ambiguity, error or omission
contained therein, or of any provision which Proposer fails to understand. Proposers shall submit, and GDOT will respond to, such requests in accordance with this Section 2.3. Any responses to these requests will not be considered part of the DB Documents.

2.3.1 Form of Requests

Proposers shall deliver any requests to the Authorized Representative via e-mail. GDOT will only consider requests made by Proposers' designated representatives and will not consider telephone or other oral requests. Proposers are responsible for ensuring that requests clearly indicate on the first page or in the subject line, as applicable, that the material relates to the Project. Requests must include the requestor's name, address, telephone and email address, and Proposer he/she represents. Proposers will be limited to comments/questions with respect to the RFP. If a question has more than one subpart, each subpart will be considered a separate question. Corrections of typographical errors, incorrect cross references or inconsistencies within or among the RFP documents will be excluded from the above numerical limitations.

2.3.2 Timing of Requests

Proposers must submit any requests under this Section 2.3 prior to the deadline for such requests in Section 1.4. GDOT is not required to answer any questions submitted by Proposers after this deadline.

2.3.3 Responses and Confidential Information

GDOT's responses to questions submitted under this Section 2.3 will be in writing and GDOT will post these responses on the SharePoint Site to all Proposers. GDOT may rephrase or consolidate questions as it deems appropriate.

2.4 Addenda

GDOT reserves the right, in its sole discretion, to revise, modify or change the RFP and/or procurement process at any time before the Proposal Due Date. Any such revisions will be implemented through issuance of Addenda to the RFP. Addenda will be posted on the electronic bidding website. If any Addendum significantly impacts the RFP, as determined in GDOT's sole discretion, GDOT may change the RFP schedule, including the Proposal Due Date. The announcement of such new schedule will be included in the Addendum. In addition, the Addendum will indicate the latest date for submittal of any clarification requests concerning the Addendum.

GDOT will not be bound by, and Proposer shall not rely on, any oral communication or representation regarding the RFP documents, or any written communication except to the extent that it is contained in the RFP or in an Addendum to the RFP and is not superseded by a later Addendum to the RFP.
2.5 Reserved

2.6 Examination of the Request for Proposals Package and Project Site

GDOT shall permit Proposers to access the Project site to perform limited investigations. Proposers must notify the GDOT Area Office prior to entering the Project site and must follow all applicable state laws including erosion control and traffic control. Proposers are expected to carefully examine the Project site and the complete RFP package before submitting a Proposal.

Each Proposer shall, by submission of a Proposal, be deemed to have made such examination and to have satisfied itself as to the conditions to be encountered in performing the work under the DB Documents.

2.7 Reserved
SECTION 3.0 RESERVED
SECTION 4.0  PROPOSAL CONTENT AND SUBMITTAL REQUIREMENTS

4.1 Format

To facilitate the evaluation of Administrative and Technical Proposals and to help protect the confidentiality of proprietary information, the Proposal shall be submitted as described below and shall be submitted in one (1) sealed package.

Unless otherwise specified in this ITP, all written submittals must be prepared on 8-1/2" x 11" white paper. All written submittals, regardless of paper size, must be prepared on white paper and included in the applicable binder. Each section shall have sequentially numbered pages, shall be separated by a divider with a tab, and shall be prepared using no smaller than twelve-point font size, except for tables, which may be prepared using ten point font size. Some of the required documents have specified page limitations, as set forth in Exhibit B and Exhibit C. GDOT may disregard documents not complying with these page limitations. Pages may be printed on two sides, in which event each side shall be considered one page. Printed lines may be single-spaced. Proposers shall not include standard corporate brochures, awards, licenses and marketing materials and GDOT will not evaluate such materials.

4.2 Contents and Organization

Proposers shall clearly index their Administrative and Technical Proposal using pages with tabs and organize them in the order set forth in this Section 4.2. The Administrative and Technical Proposal shall be provided in a loose-leaf three ring binder, including the information described in this Section. Proposers may subdivide each Administrative and Technical Proposal as needed. The electronic submittals (CDs, DVDs, and/or USB flash drives) shall follow equivalent organizational standards, and shall use a searchable format with appropriate bookmarks.

The first page of each Administrative and Technical Proposal shall be a page executed by the Proposer that sets forth the specific items Proposer deems confidential, trade secret or proprietary information protected from public disclosure under the Open Government Laws. Each entry shall list the specific statute within the Open Government Laws that Proposer has reasonably determined is exempt from disclosure under Section 50-18-72 of the Code or any other applicable law. The list required under this Section 4.2 is intended to provide input to GDOT as to the confidential nature of a Proposer’s Proposal, but in no event shall such list be binding on GDOT or determinative of any issue relating to confidentiality. Blanket designations that do not identify the specific information shall not be acceptable and may be cause for GDOT to treat the entire Proposal as public information. In no event shall the State, GDOT or any of their respective agents, representatives, consultants, directors, officers or employees be liable to a Proposer or Proposer team member for the disclosure of all or a portion of a Proposal submitted under this RFP.
If GDOT receives a request for public disclosure of all or any portion of the materials identified as confidential and included in any part of a Proposal, GDOT will promptly notify the applicable Proposer of the request. Proposer may seek a protective order or other appropriate remedy at such Proposer's sole cost and expense. If GDOT determines in good faith that the materials identified as “confidential” are not exempt from the Open Government Laws, GDOT will release the requested information. GDOT shall make the final determination regarding whether the requested information is to be disclosed or withheld.

Nothing contained in this provision shall modify or amend requirements and obligations imposed on GDOT by the Open Government Laws or other applicable law, and the provisions of the Open Government Laws or other laws shall control in the event of a conflict between the procedures described above and the applicable law.

Please see Exhibit B and Exhibit C instructions regarding submission of information relating to the Price Proposal.

Administrative Information

The Administrative Proposal will contain the Administrative information as required to submit under Exhibit B, separated and labeled appropriately and organized.

Technical Proposal

The Technical Proposal will contain the Technical information as required to submit under Exhibit C, separated and labeled appropriately and organized.

The Technical Proposal shall be consistent with the requirements in the DB Documents. In drafting the Technical Proposal, Proposers shall use the versions of any manuals, guidelines or specifications, including but not limited to those identified in Volume 3 of the Technical Provisions, in effect at the date of the RFP advertisement.

4.3 Submission of Proposals

Proposers shall submit the following to GDOT:

(a) One (1) original of the Administrative and Technical Proposal (marked as “ORIGINAL”);

(b) Three (3) copy of the Administrative and Technical Proposal; and

(c) One (1) electronic copy of the Administrative Proposal and Technical Proposal (in pdf file format).

Proposers shall submit and individually label all packages making up its Proposal as follows:
Proposal for the Project
Re: Administrative Information; Technical Proposal

Proposals shall be delivered no later than 11:00 a.m. EST on the Proposal Due Date (as specified in Section 1.4) to:

Georgia Department of Transportation
One Georgia Center
11th Floor
600 West Peachtree Street, NW
Atlanta, Georgia 30308
Attn: Monica Flournoy

Acknowledgment of receipt of Proposals will be evidenced by the issuance of a receipt by a member of GDOT staff. GDOT will not accept Proposals submitted via facsimile or e-mail.

GDOT will not accept any Proposals delivered after the Due Date and time as specified in Section 1.4. Any Proposals received after the specified time on the Proposal Due Date will be rejected and not considered. Proposers are solely responsible for assuring that GDOT receives their Proposals by the specified time on the Proposal Due Date at the address listed above. GDOT shall not be responsible for delays in delivery caused by weather, difficulties experienced by couriers or delivery services, delays due to security check-in process, misrouting of packages by courier or delivery services, improper, incorrect or incomplete addressing of deliveries and other occurrences beyond the control of GDOT.

4.4 Disclosure of Proposals

No Proposal shall be made public until the procurement phase of the Project, including any evaluation, negotiations and award, has been completed.

4.5 Validity of Proposals

Proposals submitted and not withdrawn as of the Proposal Due Date shall be valid for a period of (____) days commencing on the Proposal Due Date. No Proposer shall withdraw its Proposal within the (____) day period, unless notified by GDOT that (i) the DB Documents for the Project will not be awarded by GDOT pursuant to the RFP or (ii) GDOT has awarded the DB Documents to another Proposer, has received the executed DB Documents and other required documents, and does not intend to award the DB Documents to Proposer.

Any Proposer may elect, in its sole discretion, to extend the validity of its Proposal beyond the time periods set forth above.
4.6 Proposal Guaranty

Each Proposer shall submit a Proposal Guaranty and Power of Attorney, as described in Special Provision 102.06.

4.7 Forfeiture of Proposal Guaranty

Each Proposer understands and agrees that if it has submitted and not withdrawn its Proposal as of the Proposal Due Date and (i) withdraws any part or all of its Proposal (without the Consent of GDOT) while the Proposal is valid or (ii) if it is selected at the apparent Successful Proposer pursuant to Section 6.2 or Section 6.2.2, should otherwise refuse or be unable to furnish any commitments made in its Proposal, GDOT shall be entitled to draw on the Proposal Guaranty in its entirety.

Proposer acknowledges that the forfeiture of the Proposal Guaranty constitutes liquidated damages and is not a penalty, and the amount forfeited is fair and reasonable and such payment represents a reasonable estimate of fair compensation to GDOT for the work required to procure the Project and the reputational losses which may accrue.

GDOT will retain the Proposal Guaranty for all Proposers until the DB Documents have been fully executed, GDOT has canceled the RFP or the conclusion of the validity period described in Section 4.5; after which GDOT will return the Proposal Guaranty for each Unsuccessful Proposer, except any Proposal Guaranty drawn upon by GDOT. Further, GDOT shall return the Proposer Bond to the successful Proposer within two (2) Business Days of GDOT’s receipt of the Payment and Performance Bonds, in accordance with Section 5.6.

Proposer understands that any material alteration, as determined by GDOT in its sole discretion, of documents specified in this Section 4, the Form of Proposal Guaranty, will render the Proposal non-responsive and non-compliant, unless such alteration was authorized by GDOT in writing prior to the Proposal Due Date.

4.8 Cost of Preparing Proposal

The cost of preparing the Proposal and any costs incurred at any time before or during the Proposal process shall be borne by the Proposer.

4.9 Compliant Proposal

Proposer shall submit a Proposal that provides all the information required by the ITP. If the Proposal does not fully comply with these requirements, GDOT may deem the Proposal non-responsive in which case Proposer shall be disqualified. In addition, GDOT may consider Proposals non-responsive and Proposer disqualified for the following reasons:

(a) If the Proposal is not submitted in the format specified in this ITP, is illegible or is incomplete;
(b) If the Proposal contains multiple, conditional or alternate Proposals or contains any omission, erasures, alterations, unauthorized additions or other irregularities of any kind; or

(c) If Proposer is in arrears in the payment of any obligation due and owing the State, including the payment of taxes and employee benefits.

4.10 Insurance Requirements

Proposers are cautioned to carefully review the minimum insurance requirements set forth in the DB Documents and to take these minimum requirements into account in putting together their Technical Proposal and Price Proposal.

SECTION 5.0 EVALUATION PROCESS AND CRITERIA

Upon GDOT’s receipt of the Proposals, GDOT will proceed to review the Proposals using the pass/fail factors set forth in Section 5.1. As set forth in Section 5.4, the evaluation process may, at GDOT’s sole discretion, include a request for revised Proposals. GDOT will determine which Proposal is the Apparent Successful Proposer in accordance with the selection process set forth in this Section 5.

GDOT may, in its sole discretion, reject all Proposals or advertise for new Proposals, if, in the judgment of GDOT, the best interests of the public will be promoted by doing so.

5.1 Pass/Fail and Responsiveness Evaluation

Each Proposal will be reviewed (a) for responsiveness and (b) based on the pass/fail criteria set forth in this Section 5.1. Each Proposer must satisfy each pass/fail requirement set forth in Section 5.1.2 through Section 5.1.3 and be deemed to have submitted a responsive Proposal pursuant to Section 5.1.1 in order for GDOT to consider the Proposal responsive. Proposers are advised that failure to achieve a “pass” rating on any “pass/fail” factor will result in GDOT declaring the Proposal non-responsive and Proposer being disqualified. Prior to making such determination, GDOT may, in its sole discretion, request clarifications of the information submitted in the Proposal (see Section 5.3).

5.1.1 Responsiveness

Each Proposal will be reviewed for conformance and responsiveness to the requirements set forth in the RFP. Proposers that GDOT determines are non-responsive to the RFP may be excluded from further consideration. Proposers will be advised regarding a determination of non-responsiveness.

5.1.2 Administrative Pass/Fail Requirements

The Administrative Proposal will be reviewed for conformance on a pass/fail basis to determine if it meets the requirements of Exhibit B.
5.1.3 Technical Proposal Pass/Fail Requirements

The Technical Proposal will be reviewed for conformance on a pass/fail basis to determine if it meets the requirements of Exhibit C.

5.2 Price Evaluation

The Proposer submitting the Lowest Qualified Price Proposal shall be the Apparent Successful Proposer.

5.3 Requests for Clarification

GDOT may at any time issue one or more Requests for Clarification (RFC) to the individual Proposers, requesting additional information or clarification from a Proposer, or may request a Proposer to verify or certify certain aspects of its Proposal. Any requests for clarification shall be in writing to Proposer's designated representative. Proposers shall respond to any such requests within two (2) Business Days (or such other time as is specified by GDOT) from receipt of the request. The scope, length and topics to be addressed in clarifications shall be prescribed by, and subject to the discretion of, GDOT.

Upon receipt of requested clarifications and additional information as described above, if any, the Proposals may be re-evaluated to factor in the clarifications and additional information.

5.4 Request for Proposal Revisions

GDOT may, at any time after receipt of Proposals and prior to final award, determine that it is appropriate to request changes to the Proposals ("Proposal Revisions"). If Proposal Revisions are requested, GDOT will follow the requirements described in 23 CFR Part 636. GDOT may request Proposal Revisions with or without discussions as described therein. The request for Proposal Revisions will identify any revisions to the RFP and will specify terms and conditions applicable to the Proposal Revisions, including identifying a time and date for delivery. In the event that Proposal Revisions are requested, the term “Proposal,” as used in the RFP, shall mean the original Proposal, as modified by the Proposal Revisions.

5.5 Proposal Re-evaluation following Revisions

Upon receipt of Proposal Revisions pursuant to Section 5.4 above, GDOT will re-evaluate the Proposals as revised in accordance with the methodology described in Section 5.1.
5.6 Payment and Performance Bonding Requirements

On the Effective Date of DB Agreement, Proposer shall, at its option, cause Design-Build Team to deliver to GDOT P&P Bonds in compliance with GDOT Specification 103.05.

SECTION 6.0 AGREEMENT AWARD AND EXECUTION

6.1 No Obligation to Award

GDOT shall be under no obligation to award the DB Documents to any Proposer or to award the DB Documents at all.

6.2 Award and Execution

Unless GDOT rejects all Proposals or cancels this procurement, GDOT shall select as the Apparent Successful Proposer the Proposer with the Apparent Successful Proposal, taking into consideration the evaluation criteria and procedures set forth in Section 5. GDOT’s selection of Apparent Successful Proposer with respect to the DB Documents shall be deemed to have occurred upon public notification of such selection.

Following such selection of Apparent Successful Proposer, GDOT and the apparent Successful Proposer shall finalize the executable versions of the DB Documents, filling in blanks and inserting information that the forms of the DB Documents indicate is required from the Proposal. By submitting its Proposal, each Proposer commits to enter into the form of DB Documents included in the RFP, without variation, except as provided in this paragraph.

6.2.1 Delivery of Drafts, Execution of DB Documents, Etc.

Within twenty (20) days of GDOT’s selection of the Apparent Successful Proposer, such Apparent Successful Proposer shall:

(a) deliver to GDOT specimens of the insurance policies required under the DB Agreement for GDOT’s review and approval; and

(b) if the Successful Proposer is a Joint Venture or Partnership, identify the attorney or law firm that will provide the legal opinions set forth on Form S hereto to be delivered concurrently with GDOT’s execution of the DB Agreement and provide a draft opinion letter (consistent with such on Form S) to GDOT for GDOT’s approval, not to be unreasonably withheld. Such opinion letter may be rendered by in-house or outside counsel, provided that (i) the organization/authorization/execution opinion shall be provided by an attorney licensed in the state of the formation/organization of the entity for which the opinion is rendered (i.e., Design-Build Team, joint venture member, etc.) and (ii) the qualification to do business in Georgia and the enforceability opinion shall be provided by an attorney
licensed in the state of Georgia, provided, however, that the organization/authorization/execution opinion for an entity formed or organized under the laws of the State of Delaware may be issued by an in-house or outside counsel not licensed in Delaware.

(c) Notify GDOT in writing of the name and address of its agent for service of legal process for this Project. Proposer shall not change this authorized agent without prior written notice to GDOT;

(d) If applicable, complete the establishment of the single purpose entity for the Project and submit certified copies of the single purpose entity-related documents to GDOT as described in Section 1.12;

(e) Notify GDOT in writing of Proposer's Federal Internal Revenue Service Employer Identification Number;

(f) Deliver to GDOT six (6) executed sets of the DB Agreement, together with evidence as to the authority, power, and capacity of the individuals executing the DB Documents to bind Proposer to the DB Documents;

(g) Deliver to GDOT P&P Bonds meeting the requirements of GDOT Specification 103.05.

(h) Deliver to GDOT evidence of insurance required to be provided by Design-Build Team under the DB Documents;

Should the Apparent Successful Proposer fail to comply with any of the requirements in this Section 6.2.1, GDOT shall call upon the apparent Successful Proposer's Proposal Guaranty in its entirety, provided that Proposer's time period to satisfy the requirements of this Section 6.2.1 shall be extended by the period of delay in Apparent Successful Proposer's ability to execute the DB Agreement solely and directly caused by the issuance of a temporary restraining order or other form of injunction by a court with jurisdiction that prohibits prosecution of any portion of the Project.

Proposer acknowledges that the forfeiture of the Proposal Guaranty constitutes liquidated damages and is not a penalty, and the amount forfeited is fair and reasonable and such payment represents a reasonable estimate of fair compensation to GDOT for the work required to procure the Project and the reputational losses which may accrue.

It is contemplated that GDOT will execute the DB Agreement no later than fifty (50) days after selection of the apparent Successful Proposer, subject to such Apparent Successful Proposer’s compliance with the terms of this Section 6.2.1. GDOT will retain four (4) sets of the executed DB Documents, GDOT will deliver one (1) executed set to FHWA (for Projects of Division interest only), and GDOT will deliver one (1) executed set to the Proposer. Concurrently with GDOT’s execution of the DB Agreement, the Design-Build Team will provide to GDOT the legal opinion in the form, and from the
counsel, previously approved by GDOT. Each of the DB Documents will not be effective until it has been fully executed by all of the parties thereto.

6.2.2 Initial Successful Proposer’s Failure to Comply

If the initial Successful Proposer fails to comply with the requirements of Section 6.2.1, GDOT may (in its sole discretion) award the DB Documents to the Proposer whose Proposal was the next apparent Successful Proposer, re-advertise and complete the work under a different contract, cancel the Project or pursue any other option it chooses.

6.3 Reserved

6.4 Debriefing of Unsuccessful Proposers

GDOT shall debrief unsuccessful Proposers upon their written request submitted to the Point of Contact no later than thirty (30) calendar days after GDOT’s issuance of NTP 1 for the Project. Written requests for debriefing must be submitted within thirty (30) calendar days of the GDOT Design-Build Project award announcement. Email requests are considered acceptable.

GDOT will prepare a summary of the requesting Proposer’s relevant evaluation information. GDOT will provide the information in writing to the requesting Proposer within thirty (30) calendar days after GDOT issuance of the Project’s NTP 1.

6.5 Bid Protest Procedures

Each DB Team, by submitting its Proposal, expressly recognizes the limitation on its rights to protest contained herein, expressly waives all other rights and remedies, and agrees that the decision on any protest, as provided herein, will be final and conclusive. These provisions are included in the RFP expressly in consideration for such waiver and agreement by the DB Team. If a DB Team disregards, disputes, or does not follow the exclusive protest remedies set forth in the RFP, it shall indemnify, defend, and hold GDOT, other agencies and their respective directors, officers, officials, employees, agents, representatives, advisors and consultants harmless from and against all liabilities, expenses, costs (including attorneys' fees and costs), fees, and damages incurred or suffered as a result of such DB Team's actions. The submission of a Proposal by the DB Team shall be deemed DB Team's irrevocable and unconditional agreement with such indemnification obligation.

Notwithstanding the existence of a protest, GDOT may, in its sole discretion, continue the procurement process or any portion thereof.

If the DB Team elects to protest the bid for this project, as permitted, the DB Team shall submit to the Department in writing, signed by a company officer authorized to sign contracts on behalf of the DB Team within the filing period.
At a minimum, the protest must include the following:

1. The name and address of the DB Team protestor;
2. Appropriate identification of the solicitation/sole source notice;
3. A statement of reasons for the protest;
4. Supporting exhibits, evidence or documents to substantiate any claims unless not available within the filing time (in which case the DB Team must proceed to file the protest within the filing period, but state the expected availability of the material supporting its claim); and
5. The desired remedy.

The DB Team is required to identify all grounds for protest during the protest filing period. The Department, at its discretion, may deem issues not raised in the protest filing period as voluntarily relinquished by the protesting DB Team. After the protest filing period expires, any grounds for protest voluntarily relinquished by the protesting DB Team may not be introduced by the protesting DB Team at any time during the protest process or any subsequent litigation.

The DB Team shall label all packages comprising its bid protest as follows:

Project Name

Bid Protests shall be delivered no later than sixty (60) calendar days at 11:00 a.m. EST from Project letting to:

One Georgia Center

SECTION 7.0 NON-RESPONSESIVE TECHNICAL PROPOSAL PROCEDURES

7.1 GDOT’s Responsibilities

In the event GDOT deems a Proposer’s Technical Proposal non-responsive, GDOT shall, within two (2) business days of such determination, provide each non-responsive Proposer a written explanation as to the reason(s) that their Technical Proposal was deemed non-responsive. An email is considered a proper written notification.
7.2 Proposer’s Responsibilities

Upon receipt of GDOT’s written explanation, the Proposer shall have five (5) business days to request GDOT reconsider the non-responsiveness determination. The Proposer’s request shall be in writing to the Chief Engineer; shall clearly state the reasons the Proposer believes that GDOT’s determination is in error; and shall include supporting documentation as the Proposer deems appropriate.

7.3 Technical Proposal Resolution

Upon GDOT’s receipt of a Proposer’s written request for reconsideration of the non-responsiveness determination, GDOT will respond in writing with a final determination or an estimate of when a final determination will be made within three (3) business days.

7.4 Time Frames

The time frames included are approximate, and may be modified by GDOT.

7.5 Costs and Damages

All costs of a Proposer for requests for GDOT to reconsider the non-responsiveness determination shall be the responsibility of the Proposer and shall be undertaken at the Proposer’s expense.

SECTION 8.0 GDOT’S RIGHTS AND DISCLAIMERS

8.1 GDOT’s Rights

In connection with this procurement, GDOT reserves to itself all rights (which rights shall be exercisable by GDOT in its sole discretion) available to it under applicable law, including without limitation, with or without cause and with or without notice, the right to:

(a) Develop the Project in any manner that it, in its sole discretion, deems necessary. If GDOT does not execute the DB Agreement with Proposer that submitted the apparent Successful Proposal, GDOT may proceed to the next highest rated Proposer, terminate this procurement and pursue other development or solicitations relating to the Project, or exercise such other rights under the provisions of State law as it deems appropriate;

(b) Investigate the qualifications of any Proposer under consideration, require confirmation of information furnished by a Proposer, require additional information concerning a Proposer's Proposal, require additional evidence of qualifications to perform the Work, and seek or obtain data from any source that has the potential to improve the understanding and evaluation of the Proposals;
(c) Reject all Proposals;

(d) Reject any Proposals received for non-responsiveness to or non-compliance with the RFP requirements;

(e) Issue a new RFP;

(f) Cancel, modify, or withdraw the RFP in whole or in part at any time prior to the execution of the DB Documents, including adding or deleting Proposer responsibilities contained in the RFP;

(g) Modify all dates set or projected in the RFP, including this ITP;

(h) Issue Addenda;

(i) Disqualify any Proposer who changes its Proposal, members of its team or key personnel without GDOT approval;

(j) Appoint evaluation committees to review Proposals and seek the assistance of outside technical experts and consultants in evaluating the Proposals;

(k) Accept and review non-conforming Proposals or seek and receive clarifications or supplements to a Proposal;

(l) Waive minor irregularities in Proposals. Minor irregularities are defined as those that will not have an adverse effect on GDOT's interest and will not give a Proposer an advantage or benefit not enjoyed by other Proposers;

(m) Suspend and terminate the procurement at any time; and/or

(n) Exercise any other right reserved or afforded to GDOT under this ITP and applicable law.

8.2 Disclaimers

The RFP does not commit GDOT to enter into a DB Agreement, nor does it obligate GDOT to pay for any costs incurred in preparation and submission of Proposal(s) or in anticipation of the DB Documents. By submitting a Proposal, a Proposer disclaims any right to be paid for such costs.

The execution and performance of the DB Documents pursuant to the RFP is contingent upon sufficient appropriations and authorizations being made by the Georgia General Assembly for performance of the DB Agreement between the successful Proposer and GDOT.
In no event shall GDOT be bound by, or be liable for, any obligations regarding the Work or the Project until such time (if at all) as the DB Documents have been executed, authorized and delivered.

In submitting a Proposal in response to the RFP, Proposer is specifically acknowledging these disclaimers.
EXHIBIT B
