

Technical Proposal Scoring Criteria: This Office recommends the following criteria be used in the evaluation of Technical Proposals:

| Criteria |
|--|
| <i>[add criteria based on the unique nature of each project such as detailed project schedule, traffic control, project management and approach, technical approach, etc...]</i> |

Technical Review Committee: The following offices and individuals are identified as reviewers and evaluators of the SOQ and the Technical Proposal, and are being provided for your concurrence:

| Office | Name |
|--------------------------|--------------------------|
| <i>[add GDOT office]</i> | <i>[add name, title]</i> |
| <i>[add GDOT office]</i> | <i>[add name, title]</i> |
| <i>[add GDOT office]</i> | <i>[add name, title]</i> |

Selection Review Committee: The Selection Review Committee’s responsibilities will be to review the Best Value adjectival score recommendations and comments from the Technical Review Committee. After reviewing the recommendations and comments, the Selection Review Committee will finalize the adjectival scores and translate them to numerical scores using the translation table.

The following offices and individuals are identified as members for the selection review committee, and are being provided for your concurrence:

| Office | Name |
|--------------------------|---------------------------|
| <i>[add GDOT office]</i> | <i>[add name, title]</i> |
| <i>[add GDOT office]</i> | <i>[add name, title]</i> |
| <i>[add GDOT office]</i> | <i>[[add name, title]</i> |

This Office requests your concurrence to the above Best Value Selection Review Committee. Please contact *[GDOT project manager]* should you need further information.
