File <u>n</u> ame:	InRoad	ds Design Labs.exec							
Save as <u>t</u> ype:	EXEC File								

- 4. Browse to a location on your hard drive such as the Desktop or Downloads folder and click the **Save** button.
- 5. A **Download complete** dialog box will appear:

6. Click the **Close** button.

- 7. Browse to the location where you saved the 'InRoads Design Labs.exec' Executable. After downloading the InRoads Design Labs.exec to your computer – the file named 'InRoads Design Labs.exec must be <u>renamed</u> to remove the 'c' in the .exec extension. The 'c' extension is added merely as a work around in order to make the files available on SharePoint which does not allow .exe files.
- 8. Double click the **InRoads Design Labs.exe** file and a **WinZip Self Extractor** dialog box appears:

WinZip Self-Extractor - InRoads Design Labs.exe	x
To unzip all files in InRoads Design Labs.exe to the specified folder press the Unzip button.	Unzip
Unzip to folder:	Run <u>W</u> inZip
C:\ <u>B</u> rowse	Close
Overwrite files without prompting	About
	<u>H</u> elp

9. Accept the <u>default</u> install location. Then click the Unzip button and the following message will appear informing you that 136 file(s) were unzipped successfully:

WinZip Self-Extractor	×
136 file(s) unzipped successfully	
ОК	

- 10. Click **OK**
- 11. Then click **Close** to close out of the **WinZip Self Extractor** dialog box.
- 12. This will load the **Design Labs Dataset** into the proper folder on the hard drive. These Design Labs Dataset files will be used in association with the *Introduction to InRoads_Design.PDF* (Training Material). The Training Material will inform the user of the requisite steps to utilize the Design Labs Dataset.
