

SUMMARY OF GDOT DESIGN-BUILD PROJECTS FISCAL YEAR 2013

In accordance with Georgia Code 32-2-81 the following information is being reported. The total bid amount for GDOT's Design-Build contracts in FY 2013 was \$195,776,388.47. The projects include:

Design-Build Project 2013-1

Project Name: I-285 Variable Speed Limit Signs

Project Number/County: 0010782/Cobb, DeKalb, Fulton, Clayton

Description: Design and construction to installation of Variable Speed Limit Signs (VSLS) on the shoulders and median on the top end of I-285 from I-20 to I-20 in Cobb, DeKalb, and Fulton Counties. Signs will tie into the existing NaviGator system using existing and proposed fiber and field switches. Speeds will adjust based on traffic conditions, and the signs will be monitored from the Transportation Management Center. Static speed limits signs will be installed on the southern portion of I-285. In addition, the speed limit on I-285 will be raised from 55 mph to 65 mph.

Design-Build Team: Brooks Berry Haynie & Associates, Inc./Atkins

Design-Build Contract Value: \$ 4,921,604.00

Contract Information: The project let on October 19, 2012. Notice to Proceed 1 was issued on December 4, 2012 with a contract completion date of September 30, 2014.

Design-Build Project 2013-2

Project Name: District 3 Signing and Marking Improvements

Project Number/County: 0010751/Various

Description: Design and construction to upgrade signs, striping, and raised pavement markers at approximately 300 locations in District 3 as part of a Strategic Highway Safety Implementation initiative. No grading, paving, or other land disturbing activities are included in this project.

Design-Build Team: L.C. Whitford Co. Inc./Florence & Hutcheson

Design-Build Contract Value: \$ 5,338,887.00

Contract Information: The project let on October 19, 2012. Notice to Proceed 1 was issued on December 4, 2012 with a contract completion date of December 31, 2013.

Design-Build Project 2013-3

Project Name: GA 400 @ CR 145/Northridge Road

Project Number/County: 751580/Fulton (City of Sandy Springs)

Description: Design and construction to replace the existing Northridge Road bridge over GA 400. In addition, the project includes intersection upgrades at Northridge Road with Dunwoody Place ,

SUMMARY OF GDOT DESIGN-BUILD PROJECTS FISCAL YEAR 2013

Roberts Drive, and Somerset Court; additional signage for the northbound exit ramp from GA 400; an additional through lane on Northridge Road to accommodate improved traffic flow. The project has a total project length of 0.4 miles.

Design-Build Team: C.W. Mathews Contracting, Inc./Florence and Hutcheson

Design-Build Contract Value: \$ 9,268,235.96

Contract Information: The project let on December 14, 2012. Notice to Proceed 1 was issued on February 12, 2013 with a contract completion date of September 30, 2015.

Design-Build Project 2013-4

Project Name: I-75 Express Lanes (from SR 138 to SR 155)

Project Numbers/Counties: 0009156 & 0009157/Henry & Clayton

Description: Design and construction of a reversible, barrier-separated, tolled managed lane system along I-75 in Henry and Clayton Counties from SR 138 to SR 155 for an approximately length of 12 miles. In addition, the project includes the replacement of the existing Mt. Carmel Road bridge; a new managed lane only connection near Jonesboro Road; widening of the existing I-75 overpass bridge at Flippen Road; as well as the addition of new single span I-675 bridge over I-75 northbound to connect the managed lanes to I-675.

Design-Build Team: C.W. Mathews Contracting, Inc./Arcadis

Design-Build Contract Value: \$ 176,247,661.51

Contract Information: The project let on June 21, 2013 and authorized for construction in Fiscal Year 2013. Notice to Proceed 1 was issued on August 5, 2013 with a contract completion date of June 30, 2017. The Open to Tolling milestone date is scheduled for December 31, 2016.
