Office of Materials and Testing
Qualified Products List

<p>This is a listing of approved Non-Gating permanent installation Impact Attenuator Units (Compression Crash Cushion) and Guardrail Terminals prepared in accordance with the Office of Materials and Testing Standard Operating Policy 17 (SOP-17) entitled “<i>Acceptance of Miscellaneous Construction Items</i>” and Sections 641 and 648 of the GDOT Standard Specifications. All devices are NCHRP-350/MASH TL-3 certified and have been approved by the GDOT for use noted.</p>	<p>QPL-64</p> <p>Impact Attenuator Units (Compression Crash Cushion) and Guardrail Terminals</p>	<p>Inspection Services Branch 15 Kennedy Dr. Forest Park, GA 30297 Office Phone: 404-608-4885 Office Fax: 404-608-4888</p>
--	--	---

Permanent Impact Attenuator Units and Guardrail Terminals from manufacturers not contained within this list must not be incorporated into any GDOT work without prior approval from the engineer and should be reported to the Office of Materials and Testing.

For contracts with a Letting date after June 30, 2018, all new permanent installations and full replacements of W-beam Guardrail Terminals shall meet MASH testing criteria.

For contracts with a Letting date after December 31, 2018, all new permanent installations and full replacements of Impact Attenuator Units shall meet MASH testing criteria.

For contracts with a Letting date after December 31, 2019, all new permanent installations and full replacements of Double-Sided or Median Terminals shall meet MASH testing criteria.

***Note 1: This Impact Attenuator Unit is site specific and must be specified by the designer prior to utilization.**
