

ON YOUR LETTERHEAD

DATED

Georgia Department of Transportation
Office of Material and Research
15 Kennedy Dr., Room 215
Forest Park, GA 30297

Subject: Warranty Letter

To Whom It May Concern:

“This is to warrant that the product _____ as manufactured and sold by _____ is a _____ meeting the current requirements of _____ of the Georgia Department of Transportation Specifications..... **(See the first paragraph under your specific QPL in the SOP 17). Do not change, add or subtract any wording in your warranty letter. To do so, will delay the evaluation process.**

“We further warrant that material furnished to State of Georgia projects will be replaced without cost to the purchaser and State of Georgia when found not in conformity with any of the specified requirements. We accept full responsibility for determining the governing Specification for each order, provided we are given notice of revised Specifications, and we warrant that the material currently being furnished is identical in formulation, composition, and properties as the material originally submitted for source approval.”

Signed,

John Doe
President, Vice President, CEO (**Principal person who can bind the company**)
