The scheduled completion date for this project is December 31, 2009. Motorists should expect shoulder and lane closures on a continuing basis and are advised to use extra caution in construction work zones.

Speed limits have been reduced and will be strictly enforced. Message boards, signs, barricades, barrels and cones will be utilized to alert and channel motorists through the area.

Georgia DOT urges travelers to call 511 for updated information about this or any other construction project on interstates and state routes. Georgia 511 is a free phone service that provides real-time traffic and travel information statewide, such as traffic conditions, incidents, lane closures, and delays due to inclement weather. Callers also can transfer to operators to request assistance or report incidents 24 hours a day, seven days a week. More information is available at www.511ga.org.

The Georgia Department of Transportation is committed to providing a safe, seamless and sustainable transportation system that supports Georgia's economy and is sensitive to both its citizens and its environment.
