RE: PROJECT:
PARCEL:
OWNER:

Dear

Negotiations on the above subject parcel have broken down and it appears that this parcel will have to be acquired by condemnation. Therefore, it is requested that you review your title report and update.

After completing your title review, please advise us, in writing, who should be named, how they should be named, and why they should be named. In addition, we respectfully request that you also send us a "mock" styling for the case. Your prompt handling of this matter will aid the _____(City/County) in expediting preparation of the condemnation.

Thank you for your assistance in this matter. Please advise if we may be of any further assistance.

Very truly yours,

Local Sponsor
