## **FUNDING, BUDGET & DEBT SERVICE**

## **FUND SOURCE (FY 2018)**

Federal funding	.\$1.6B*
Motor fuel	
General funds	.\$217M*

<sup>\*</sup>Federal funding reflects multiple years' obligation authority.

The appropriations bill reflects a federal estimate based on annual expenditures.

## **BUDGET (MOTOR FUEL & HB170 FEES)**

Capital Projects	\$937M
General Operations	\$205M
Routine Maintenance	\$448M
LMIG	\$180M

#### **DEBT SERVICE**

Payments to SRTA	\$111.7M
GO Bond Debt Service	\$115.6M

Ref Guide\_1.9.2018.indd 1 1/30/2018 1:38:56 PM

<sup>\*\*</sup>General funds include HB170 fees of \$191M

#### **BRIDGES**

Total Number	14.740
State Owned	6 729
Local Owned	8,011
99% of state owned bridges are in fair to excellent	
1% of state owned bridges are structurally deficien	t
9% of state owned bridges are functionally obsolet	

■ Average age of bridges: Georgia 43 years; National\* 43 years

■ Design Life: 50 years

■ ASCE report rating: C (Nationally\* C+)

■ 8,800 inspections annually (FY 17)

\*ASCE numbers verified from 2017 report

#### **INTERMODAL**

(FY 2017)

■ Total transit dollars (contracts executed)	\$58.00M
• Federal	\$31.06M
• State	\$ 3.00M
• Local	\$23.40M

#### **OPERATIONS**

- Highway Emergency Response Operators (HERO): 110 operators cover over 400 centerline miles in metro Atlanta 24 hours daily.
   11 minutes average dispatched emergency response.
- Coordinated Highway Assistance & Maintenance Program (CHAMP): Assists motorists on interstates statewide, operate 17 routes of appx. 50 miles daily outside metro Atlanta.
   The program fully launched as of May 2017 with over 45,000 assists.
- Wildflower Program: Planted 2,800 acres of wildflowers since 1999. Over 3.6M daffodil bulbs planted since 2007.

## **ADDRESSING CONGESTION: Freight Mobility**

Construction will occur on **20 Freight Network corridors** in the next 10 years (2018-2028)

- Construction of approximately 528 miles to include but not limited to:
- 19 miles of bridges
- 43 miles of interchange work (includes grade separation projects)
- 27 miles of managed lanes (includes Northwest Corridor)
- 23 miles of new construction (includes bypass projects)
- 258 miles of widening
- 14 miles of miscellaneous improvements (includes intersection improvement and minor widening and resurfacing projects)

Total of **130** projects

Approx. **\$7.1B** investment in construction of the freight network

#### TRANSPORTATION INVESTMENT ACT (TIA)

A 10-year one cent sales tax on purchases began Jan. 1, 2013 Total Projects: **871** 

- TIA regions: Central Savannah River Area, Heart of Georgia Altamaha and River Valley
- Revenue collections split: 75% to regional projects; 25% to local jurisdictions for discretionary transportation related items

# LOCAL MAINTENANCE IMPROVEMENT GRANT (LMIG) & QUICK RESPONSE (QR) PROJECTS

(FY 2017)

The LMIG program offers local governments greater flexibility and quicker project delivery while allowing GDOT to effectively administer the program with a reduced workforce and new funding match requirements. The QR program helps to quickly identify, approve and construct small traffic operations safety projects up to \$200,000 on the state system; and is funded by state motor fuel funds.

- LMIG funding (budgeted)......\$173.9M
- QR funding (for more than 154 projects) ...... \$ 20.6M

## **ADDRESSING CONGESTION:** People Mobility

#### Major Mobility Investment Program (MMIP):

Initially, 11 transportation projects will create additional capacity; improve the movement of freight; provide operational improvements and efficiencies; enhance safety and decrease travel times.

At A Glance: Here are a few of the projects currently underway.

#### I-285/I-20 East Interchange

- Ramp reconstruction and Collector-Distributor lanes construction between Wesley Chapel and I-285 interchange, and a westbound auxiliary lane between Lithonia Industrial Boulevard and Panola Road.
- Est. Cost: \$475M
- Procurement: General Engineering Consultant selected
- Est. construction start: 2022

#### I-285/I-20 West Interchange

- Adds increased capacity along I-20 eastbound and a westbound Collector-Distributor lane from I-285 interchange to Fulton Industrial Boulevard.
- Est. Cost: \$709M
- Procurement: GEC Advertisement in Jan. 2018
- Est. construction start: 2023

#### Additional Mobility Commuter Access (Not MMIP)

• 5 miles of movable barriers on Interstate 20

All information is preliminary and subject to change

#### **ADDRESSING SAFETY**

Investment Levels (FY 2017)

- Off System Safety Improvements (Federal and State)..... \$19.4M
  Off System Safety Program identifies, develops and delivers safety programs and products to local governments and other stakeholders to improve safety on local and high-risk rural roads.

Sidewalk Safety and Access (13 projects) \$2.1M
 Includes pedestrian and bike safety programs and projects.
 Highway Safety Improvement Program \$103.8M

\* Total spending on PE and construction to convert conventional intersections to roundabouts

Future Safety Investment (FY 18) ..........

#### ADDRESSING MAINTENANCE NEEDS

Transportation Funding Act (TFA) of 2015 provides an estimated \$830 million to \$1 billion of annual, sustainable funding that improve and maintain Georgia's critical infrastructure.

- Provides for sustainable 15-year capital maintenance cycle with preventative maintenance in between.
- Provides flexibility between state and federal funding.

#### FV 1

...\$126.7M

- Invested \$106M for 109 miles of interstate maintenance and resurfacing.
- Invested \$296M for 1,300 miles of state route resurfacing.

#### In FY 18, the TFA will:

- \$447M in routine maintenance, resulting in resurfacing 2,000 miles of roadway.
- \$301M to replace and rehabilitate bridges.

## **ADDRESSING CONGESTION:** People Mobility

#### I-285 Westside Express Lane

- One new express lane in each direction between I-20 and I-75 in Fulton County.
- Expected 3% reduction in delay
- Est. Cost: \$655M
- Procurement: GEC Advertisement in Jan. 2018
- Est. construction start: 2023

#### I-285 Eastside Express Lanes

- One new express lane in each direction between I-20 and I-85 in DeKalb County.
- Est. Cost: \$580M
- Procurement: GEC selected
- Est. construction start: 2022

#### SR 400 Express Lanes

- Two express lanes in each direction from I-285 to McGinnis Ferry Road.
- Est. Cost: \$1.8B
- Procurement: Existing GEC completing work; new GEC selected
- Est. construction start: 2021

#### **I-285 Top End Express Lanes**

- Two new express lanes in each direction between I-75 and I-85.
- Expected 6% reduction in delay
- Est. Cost: \$4.2B
- Procurement: GEC advertised in Oct. 2017
- Est. construction start: 2023

All information is preliminary and subject to change

## **ADDRESSING CONGESTION:** People Mobility

## I-85 North Widening from Hamilton Mill Road to SR 53

- New general-purpose lane from Hamilton Mill to SR 53.
- Expected 56% reduction in delay
- Est. Cost: \$135M
- Procurement: Apparent best proposer selected
- Est. construction start: 2018

## I-85 North Widening from SR 211 to U.S. 129

- New general-purpose lane from SR 211 to US 129.
- Expected 69% reduction in delay
- Est. Cost: \$305M
- Procurement: GEC advertisement in late 2022
- Est. construction start: 2025

#### I-75 Commercial Vehicle Lanes near I-475 to SR 155 (McDonough)

- Two Commercial Vehicle Lanes (CVL).
- Est. Cost: \$1.8B
- Procurement: Scoping underway; GEC advertised in Oct. 2017
- Est. construction start: 2025

### I-16/I-95 Interchange Improvement (2 projects)

- I-16/I-95 Interchange Reconstruction and I-16 Widening from I-95 to I-516
- Adds new lane miles at the busy gateway to Savannah
- Est. Cost: \$350M
- Est. construction start: 2019

All information is preliminary and subject to change
