Metro Road Work...

Construction & Lane Closures Weekend Schedule

ATLANTA-Georgia Department of Transportation projects to improve highway infrastructure throughout Metropolitan Atlanta continue this weekend, weather permitting. Construction on the I-75/I-85 (Downtown Connector), South Metro Express Lanes, and Northwest Corridor will require lane closures, which, in turn, are likely to result in delays. Motorists are advised to exercise caution by reducing speed while driving through work zones.

The Georgia DOT encourages motorists to call *511*, visit 511ga.org, or check the *511 Georgia and Atlanta Traffic* app before departing for real-time information on work status and traffic conditions. Motorists can also use the WAZE application turn-by-turn directions that consider current traffic conditions. Motorists are advised to drive alert and use both applications when they are not operating a vehicle.

Planned work this weekend is as follows:

Every day Georgia DOT employees work on roadways in close proximity to travel lanes. Whether they're in maintenance, in construction or are HEROs, it's dangerous. Fifty-eight Georgia DOT personnel and many more motorists, passengers and contractors' workers have been killed in work zone crashes since 1973. When you drive in a work zone, obey the rules: Pay Attention - Slow Down - Watch for Workers. It can make the difference between life and death. Visit www.dot.ga.gov/DS/SafetyOperation/Workzone.
