I-16 message sign replacement closing lane tomorrow

DUBLIN– One Interstate 16 westbound lane at mile 53 in Laurens County will close tomorrow for renovations to the Changeable Message Sign (CMS). The Georgia Department of Transportation contractor should establish traffic control at 8 a.m. and be out of the roadway by 3 p.m. Thursday.

The current CMS structure will remain, while the old sign is removed by crane. Then the contract crew will mount up the upgraded CMS during the single-day work timeframe.

Others signs on I-475, I-75 and I-16 have been replaced recently to continue relaying the most visible, up-to-the-minute information to drivers.
