I-95 Bridge Maintenance Project Requires Double Lane Closure Tonight

WHAT: In conjunction with a \$2.8 million bridge rehabilitation project on I-95, a contractor for the Georgia Department of Transportation will install a double lane closure from 7 p.m. until 7 a.m. tonight between milepost 27 and 28. I-95 northbound double lane closures are necessary to lay polymer overlay on two of the three travel lanes on the Little Satilla River Bridge. All work is weather contingent.

Motorists are advised to reduce speeds as they travel through this work zone. Message signs, barrels and/or cones will be utilized to alert the public of the upcoming changes. In an effort to minimize the impact to the traveling public this work will be performed at night.

WHEN: 7 p.m. until 7 a.m., Monday, May 16, weather permitting.

WHERE: I-95 northbound in right and center travel lanes between milepost 27 and 28 in Camden and Glynn Counties.
