## GDOT Hiring Experienced Equipment Operators May 10

**WHAT:** The Georgia Department of Transportation (GDOT) Augusta Area is interested in hiring employees with a Georgia Commercial Driver's License (CDL) and heavy equipment operation experience. On Tuesday, May 10, the Appling Maintenance Office will hold a three-hour "walk-in" event for serious applicants interested in maintenance professional employment within the six-county Augusta Area.

Candidates 18 years of age and older and with a high school diploma/GED equivalent are encouraged to attend. Applicants must come prepared with a valid Class C driver's license ready to apply. It is highly favorable for individuals attending the hiring event to already possess a CDL and the ability to work in adverse weather conditions to be considered for an employment offer pending background and drug testing.

**WHEN:** Tuesday, May 10 from 9 a.m. to 12 p.m.

**WHERE:** GDOT Appling Maintenance Office, 1800 Lonergan-Hulme Road, Appling, Ga.
