Cobb County….

Earlier Traffic Merge Required for I-285 Eastbound Collector Distributor Lanes for NWC Express Lane Construction at the I-75/I-285 Interchange

WHAT: Roadway work for the Northwest Corridor Express Lanes at the I-75/I-285 Interchange will require a shift in the merge point for I-285 Eastbound collector distributor. Traffic accessing the main lanes of I-285 Eastbound will merge earlier before the Cumberland Road overpass.

WHERE: **I-285 Eastbound Collector Distributor Lanes Reduction:**

Immediately east of the I-75 overpass, the two existing I-285 Eastbound Collector Distributor lanes will merge into one lane of through traffic. Motorists should be aware and prepared to merge earlier when traveling to I-285 Eastbound.

WHEN: This permanent change in merge point is scheduled to be installed Tuesday, May 10th during the off-peak hours of 9:00PM to 5:00AM.

ADVISORY: Motorists are advised to exercise caution while driving in these areas. On-site message boards indicating dates, times and detour routes will be present in advance of these closures.

Additional construction and traffic impact information and detour maps are available at the NWC Project website at http://www.dot.ga.gov/DS/GEL/NWC.
