SR 15 project affecting traffic near GDOT Office

WHAT: McClendon Enterprises, Inc. will affect State Route (SR) 15 traffic between the existing SR 68 intersection and Blanchard Equipment at various times in the coming weeks. Operations returned to the SR 15 area near the Georgia DOT District Office today and will continue at various times until project completion in mid-August.

This project includes turn lane construction and realignment of SR 68 at the intersection of SR 15 in Tennille. A traffic signal is included at the new intersection.

Citizens can expect to see a flagging operation in the SR 15 project area, as contractors grade and pave the area. Traffic on SR 68 will also be affected for completion of a cul-de-sac, as traffic shifts to the new portion of SR 68.

Whenever you approach a work zone: slow down; allow extra distance between vehicles; read signs; obey road crew flaggers; and expect the unexpected.

WHEN: Monday, July 11 through Thursday, July 14; and crews will return at various times through mid-August to complete the project.

WHERE: SR 15 and the nearby connecting portion of SR 68 in Tennille; At the moment, traffic will be flagged during working hours between The Dollar General and Blanchard Equipment to facilitate construction activities.
