COWETA COUNTY...

TRAFFIC SHIFT SCHEDULED ON SR 34 BYPASS

WHEN: Wednesday, June 27

WHERE: SR 34 between SR 70/Roscoe Road and SR 14/US 29/Jackson Street .

WHAT: The Georgia DOT has been notified by the contractor of a traffic shift on SR 34. Traffic will be shifting from the current alignment to the 2 farthest outside lanes which will be the final alignment upon project completion.

This project consists of 4.120 miles of widening and reconstruction on SR 34 Bypass, beginning at US 27/SR 16 and extending to SR 34 (Bullsboro Drive); it also includes construction of a total of two bridges and approaches over the CSX Railroad and installation of an Intersection Detection System.

On Tuesday, July 31, voters will decide if 12 designated districts across Georgia will be authorized to collect a one-cent sales tax for the next 10 years to be devoted exclusively to local and regional transportation projects. In districts where the referendum passes, the Department of Transportation will be responsible for project delivery. An independent study ranked Georgia DOT first in the country in on-budget project delivery and second in on-time delivery. Project delivery is what Georgia DOT does. Referendum projects assigned to the Department will be completed on time and on budget.
