Nighttime Lane Closures Began On SR 67 for Resurfacing Project

Statesboro, GA – The Georgia Department of Transportation announces resurfacing project started on SR 67. Crews have begun resurfacing the roadway in the City of Statesboro.

The project will remove rough pavement on State Route 67 and replace it with a smoother driving surface. Resurfacing began last Thursday and continues for approximately 90 days. Weeknight lane closures are scheduled from 7 p.m. to 7 a.m., if weather permits. Crews will work nightly in an effort to minimize the impact to the traveling public.

Motorists should expect minor delays on S.R. 67 between south of Harville Road to east of US 301/SR 73. Traffic will be shifted in both directions while lanes are milled and inlayed with new asphalt.

This 3.7 mile long resurfacing of S.R. 67 was awarded to Reeves Construction Company from Duluth, Georgia for \$1.6 million. The contract completion date is August 31, 2015.

***DriveAlert ArriveAlive** calls attention to an alarming increase in roadway fatalities across Georgia, many resulting from preventable crashes and distracted driving. **DriveAlert ArriveAlive** implores motorists to buckle up; stay off the phone and no texting; and drive alert.
