I-20 & I-285 Northwest Weekend Work Slated

ATLANTA – Continuing construction projects on Interstate Highway 20 downtown as well as east and west of Metropolitan Atlanta and a combination of projects on Interstate Highway 285 on the NorthWest side are planned for this weekend, weather permitting. Each has the potential to significantly impact traffic

There again is a possibility of scattered thunderstorms throughout the Metro area all weekend, however, that may intermittently halt work or cause it to be postponed completely. The Georgia Department of Transportation encourages motorists to consult 511ga.org before travelling to learn what work may be taking place. If all work proceeds as scheduled, motorists should consider alternate routes to avoid delays in these construction zones:

- On I-20 in Rockdale and Newton counties, two westbound (WB) inside (left) lanes between Conyers and Covington will be closed continuously from 9 p.m., Friday, until 5 a.m., Monday. Long delays are expected. A separate bridge reconstruction project at the Alcovy River east of Covington has one of two eastbound (EB) I-20 lanes closed until further notice.
- In Douglas County, two westbound (WB) I-20 lanes between State Route 5 and Liberty Road will be closed from 9 p.m., until 5 a.m., each overnight (Friday, Saturday and Sunday). Again, significant traffic delays are possible.
- Downtown, overnight restriping of I-20 westbound (WB) exit and entrance ramps between Flat Shoals Road and the Downtown Connector will take place nightly but at least one lane of each ramp will remain open at all times. There will be no restriping activities on I-20 itself so as not to interfere with traffic to and from the Atlanta Braves' baseball games at Turner Field.
- On northwest Interstate Highway 285 in Cobb County, there will be intermittent traffic pacing in both directions in the vicinity of the Atlanta Road Interchange from 6 a.m., until Noon, Saturday, as workers prepare for a reconstruction of that interchange. Nightly work on various sign construction projects north of this area will continue as well – closing two lanes in each direction

between New Northside Drive and Interstate Highway 75 and three Eastbound (EB) lanes between Riverside Drive and the Glenwood Connector.

- Finally, work will continue throughout the weekend on the reconstruction of the U.S. Highway 41/State Route 3 at Canton Road in Cobb. Canton Road will be closed at this location from 9 p.m., Friday, until 5 a.m., Monday.

Other work and routine maintenance will necessitate lane closures on area interstates this weekend (as detailed in the attached spreadsheet). The Department also cautions that incident and emergency repair related closures may be necessary on any route at any time.

As noted, all work is contingent upon favorable weather.

Additional information on these and other traffic interruptions is available via the following attachments:
