WINDER WORK PLAN THIS WEEK, WEATHER PERMITTING

Winder, Ga. – Georgia DOT announces work planned on SR 11/Broad Street in Winder this week for the continuation of the installation of the precast concrete slabs northbound from just before Candler Street to Midland Avenue, weather permitting.

On Monday morning Candler Street will be closed on the Gazebo side to through traffic as the precast concrete slabs are installed across the intersection and will re-open Tuesday morning.

Curb and gutter construction will continue during the days between Athens Street and Candler Street and storm drain pipe will be installed nightly across Broad Street at Midland Avenue.

After the businesses close Monday night, the sidewalk will be closed in front of Head Games Salon in front of the door and will be re-opened early Tuesday Morning.

This 0.72 mile long project awarded to G.P.'s Enterprises of Statham for \$4,949,306.21 with a completion date of July 31, 2014. The project will rebuild SR 11/Broad Street from the ground up, creating a stronger driving surface that will last decades. Enhancement work includes new sidewalks, curb and gutter, benches, lighting and landscaping.

Each day, hundreds of Georgia Department of Transportation employees and contractors work on dozens of highway, bridge and intersection improvements throughout the state. Their work often brings them and heavy machinery in close proximity to travel lanes. Fifty-seven Georgia DOT personnel and many more motorists, passengers and contractors' workers have been killed in highway work zone accidents since 1973. Please help us prevent these tragedies by slowing down; being especially attentive and cautious as you pass through construction work zones; and always driving responsibly. Safer Driving; Safer Work Zones; For Everyone. For more information on Georgia DOT, please visit www.dot.ga.gov or subscribe to our Press Release [RSS feed](#).
