RE: ADMINISTRATION OF RTT AND QCT LEVEL 1 CERTIFICATION EXAMINATIONS

Effective July 1, 2016, the Technical College System of Georgia will begin administering the written portion of the Roadway Testing Technician (RTT) and the Quality Control Technician (QCT) Level 1 Certification examinations. The campus locations where the examinations will be administered are listed on the second page of this bulletin. The field portion of the examinations will be administered by the Georgia Department of Transportation's Office of Materials and Testing staff at the Central Laboratory in Forest Park, Georgia, or at the Branch Laboratory associated with each of the Department's Field Districts.

Testing procedures will not change; all required materials will be provided to the examinees (including pens and a calculator). Examinees will be expected to pay a \$150.00 testing fee when the written portion of the examinations is administered; no additional testing fees will be required to take the field portion of the examinations. Corporate checks or Money Orders should be made payable to the Technical College administering the test.

If you have any questions regarding the change how the RTT and QCT Level I Certification examinations will be administered, please contact Mr. Alfred L. (AI) Casteel, Testing Management Branch Chief at (404) 694-6657.

Sincerely,

A handwritten signature in blue ink that reads "Charles A. Hasty".

Charles A. (Chuck) Hasty, P.E.
State Materials Engineer
