

Small Business Opportunities • Local Government Let

This list of projects is provided for information purposes only, and must not be construed as set-asides for Small Businesses. These projects have been identified as bidding opportunities of a size that can reasonably be performed by competing Small Businesses, including Disadvantage Businesses. The "Estimated Let Date" is subject to change without notice. The "Actual Let Date" is established by the Local Governments administering the projects. Potential Bidders are encouraged to contact the local governments for additional information. This list does not encompass all projects being considered by the local governments. A list of local government contacts receiving DOT funds is available through the SB program website. See Directories.
