National Work Zone Safety Awareness Week

GDOT
Georgia Department of Transportation

PRESS RELEASE

For Immediate Release: Monday, April 15, 2024 Contact: mediarequests@dot.ga.gov

Georgia DOT focuses on the safety of the state's construction and maintenance workers. Drive Safe, Work Safe and Save Lives
April 15-19 is National Work Zone Safety Awareness Week

ATLANTA – Since 1973, when record-keeping began, more than 60 Georgia DOT employees and contractors have died in work-zone-related incidents. The Georgia Department of Transportation (Georgia DOT) is observing National Work Zone Awareness Safety Week (NWZAW) April 15th – 19th. The annual spring campaign, which began in 1999, is observed by federal, state and local transportation departments across the country to raise public consciousness about the need for safe driving in work zones. Construction and maintenance workers regularly face life-threatening dangers and frightening near misses in active work zones and the decisions made behind the wheel can have consequences that can last forever.

 **David Wilkerson** @repdwilkerson · Apr 10

Thank you @511Georgia for the assist yesterday. I was leaving downtown on I20 and headed to Cobb County when my tire sensor let me know I was rapidly losing air. I was able to stop at the beginning of MLK exit. No air left on tire.

 **David Wilkerson** @repdwilkerson · Apr 10

HERO showed up and stopped traffic on exit ramp so I could move my car to better place to change tire. Quick, fast and wonderful public service. Thank you 511! Please let your family and friends know that this is service available to them.

 **David Wilkerson** @repdwilkerson · Apr 10

Replying to @repdwilkerson

I stayed in my car and called 511 from my cell to ask for assistance from the Highway Emergency Response Operators (HEROs). Those are the yellow trucks you see on the road assisting drivers.
