# ITE Recognizes Sam Harris

**Congratulations!**

**Sam Harris, P.E. (M)**  
Assistant State Traffic Engineer  
Georgia Department of Transportation

**2024 Young Member of the Year**  
**2024 Young Leader to Follow**  
**2024 Southern District Rising Star**

## ITE 2024 YOUNG LEADERS TO FOLLOW

ITE is proud to announce our third group of Young Leaders to Follow with the selection of the Class of 2024. The ITE Young Leaders to Follow program was designed to recognize and highlight talented ITE members under the age of 35 who have already made a mark on ITE and the transportation industry and are leaders to follow in the years to come. ITE is honored to introduce these young members to the greater ITE Community and to celebrate their accomplishments. ITE is also pleased to recognize our Young Member of the Year, **Sam Harris (M)**, who was selected from this outstanding group of awardees. Harris's selection as Young Member of the Year will be celebrated at the ITE Annual Meeting and Exhibition in Philadelphia, PA, USA this July.

### Young Member of the Year

#### Sam Harris (M)

*Georgia Department of Transportation*

#### SOUTHERN DISTRICT RISING STAR AND COUNCIL LEADERSHIP TEAM YOUNG MEMBER OF THE YEAR

Sam Harris is a recognized leader in the field of transportation engineering, particularly noted for his contributions to traffic safety and operational improvements across Georgia. His dedication is reflected in his leadership roles within ITE and his proactive involvement in various high-impact projects at the Georgia Department of Transportation (GDOT). Sam has served in multiple capacities including as the Secretary of the ITE Safety Council and the ITE Georgia Section President. His leadership extended to managing significant campaigns such as the ITE Safety Campaigns Resource Hub, which he presented at the ITE Virtual Spring Conference.

Within the Southern District of ITE, Sam has been an active member of the Leadership Committee since 2017, contributing to the development of leadership training modules and writing for the *E-Connector* newsletter.

Sam has led numerous projects aimed at enhancing road safety in Georgia. Noteworthy among these is the implementation of the Grooves of Guardianship project which involved the installation of rumble strips to reduce roadway departure crashes significantly. He spearheaded the Safe Driving Summits and the new Keep Georgia Safe initiative to educate young drivers on safe driving practices, significantly impacting road safety awareness among this high-risk group. Under his direction, GDOT adopted the AASHTOWare Safety platform, improving the efficiency of crash data analysis and enhancing the overall traffic safety management in the state.

Sam's efforts have been formally recognized through several awards, including the 2023 Marsha Anderson Bomar Young Member of the Year Award and the John D. Edwards, Jr. Individual Achievement Award, highlighting his outstanding contributions to the transportation engineering community. Sam exemplifies leadership, technical expertise, and a deep commitment to improving transportation infrastructure and safety. His strategic initiatives and successful project management have not only advanced the operational standards within GDOT but have also fostered a safer driving environment in Georgia. His ongoing work continues to influence best practices in transportation engineering both locally and nationally.
