The projects selected totaled \$970,000 (\$776,000 Federal; \$194,000 Local) based upon the submitted applications. As a reminder, any MPO that receives supplemental PL funding for planning studies utilizing consultant services must follow all standard applicable Federal, State and Local procurement procedures. Additionally, any MPO that receives supplemental PL funding will need to work with their respective GDOT transportation planner to execute the new separate PL planning study contract. An amendment is required to the respective MPO's Unified Planning Work Program (UPWP) placing the associated funds in the funded portion of the UPWP. This specific amendment can be completed administratively or through the respective MPO's standard UPWP amendment process.

The Augusta, Brunswick, Dalton, Albany and Rome MPOs will need to provide progress status updates at the next GAMPO meeting in September 2022 and in writings to the Department prior to the upcoming meeting. This will enable the PL Funds Review Committee to thoroughly track progress, dollar amounts expended, and provide an effective oversight measure.
