

US 27/SR 1

CORRIDOR FACTS

- ◆ The US 27 corridor traverses the entire western length of the state beginning in Chattanooga at the Tennessee State Line and continuing south to the Florida State Line.
- ◆ Completed projects will provide **4-lanes** of roadway, usually divided with a grass median.
- ◆ The US 27 corridor is approximately **295 miles** in length with 95% open to traffic and/or under construction..
- ◆ The current estimated cost to complete the four-lane construction of the US 27 corridor is **\$486,234,522**.

PREPARING A HIGHWAY PROJECT FOR CONSTRUCTION

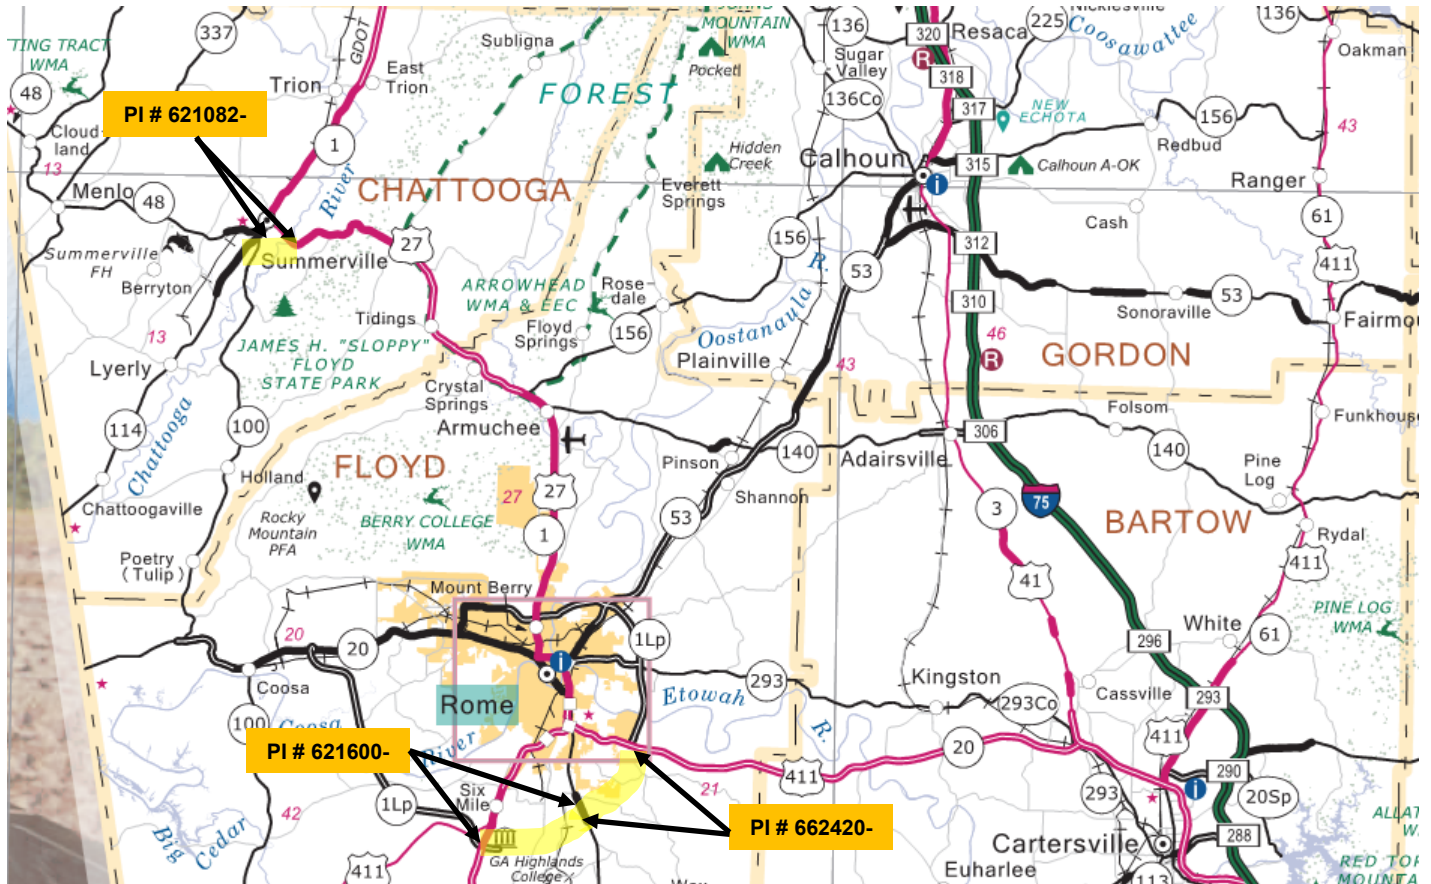

Highway construction demands adherence to an exact project development process, as specified in federal and state laws. This process incorporates a number of key stages that are vital to the development of a highway construction project:

- ◆ Concept Development: Data analysis, conceptual studies and alternatives analysis
- ◆ Environmental Approval: Surveys for environmental resources, public meetings and environmental document approval
- ◆ Preliminary Design Plans: Design and preparation of preliminary roadway plans and utility coordination
- ◆ Right of Way Acquisition: Property title research, right of way plans, property appraisal, purchase of right of way
- ◆ Final Design Plans: Design and preparation of final construction plans and contract documents
- ◆ Let to Contract: Advertise for bids, award to construction contract and begin construction
