Safe Streets 4 All	FY24	Carroll	City of Carrollton	Construction	Maple Street Neighborhood Connectivity Project - Phase 1	Maple Street	The City of Carrollton is awarded \$9.2 million in funding to implement a Complete Streets system on a busy section of Maple Street—the primary corridor between the University of West Georgia and the downtown square—to make it safer for people who are walking and biking. Safety concerns include an unsafe environment for people outside of a vehicle, poor access management, and frequent speeding. Although Maple Street was redesignated as a local roadway after serving as Georgia State Route 166, its highway-styled design remains. The downtown area has seen an influx of new businesses and homes, but neighborhood amenities are not easily accessible due to minimal pedestrian- and bicycle- infrastructure. This project will address these issues by installing a roundabout, dedicated bicycle lanes, signal equipment upgrades, crosswalk visibility enhancements, pedestrian mid-block crossings, ADA-compliant sidewalks, reduced lane width, enhanced corridor lighting, ingress and egress improvements, and signage improvements. These enhancements will help lower vehicle speeds throughout the corridor, reduce conflict points, and provide safer mobility for vulnerable road users. Memorandum

Subject: Fiscal Year (FY) 2024 – FY 2027 Transportation
Improvement Program (TIP) Annual Update

Date: 1/31/2024

From: Mr. Kurt Dowden
Chief of Business Operations

In Reply Refer To: HFPP-15

To: Division Administrator

The Eastern Federal Lands Highway Division (EFLHD) has developed the attached FY 2024 – FY 2027 Transportation Improvement Program (TIP) Annual Update to describe those transportation projects that will be primarily implemented within the boundaries of the Federal Land Management Agency (FLMA) units located in your state. The Federal requirement under Title 23 U.S.C. § 204 requires that the TIP be developed as part of the transportation planning process for all Federal Lands projects.

The attached spreadsheet contains an overall list of the projects in your State that are currently programmed to be funded through the Federal Lands Transportation Program (FLTP), the Federal Lands Access Program (FLAP), or funds directly managed by the various FLMA partners. This list is also placed on the EFLHD website (<https://flh.fhwa.dot.gov/programs/flpp/tip/efl.htm>) to provide an easily accessible reference and information for citizens, affected public agencies, transportation agencies, private providers of transportation, and other interested parties.

Through this transmittal, we are seeking your assistance in transmitting the EFLHD's FY 2024 – FY 2027 TIP Annual Update to your State Department of Transportation for inclusion (preferably as an appendix) into their Statewide Transportation Improvement Program (STIP) and to applicable Metropolitan Planning Organizations (MPO) for inclusion into their respective Transportation Improvement Programs (TIPs). If you have any questions or comments regarding the contents of this EFLHD TIP, please contact Mr. Lewis Grimm, Planning Team Leader, at (703) 404-6289 or Lewis.Grimm@dot.gov.
