 (Pre-Qualified Firms Only)**

Purpose:

Vegetation Removal Services – District

ITB #: 48400-DOT000xxxx

Agreement #: 48400-410-0000033094-xxx

Table 1 – Services and Contacts

This solicitation is being conducted by the Georgia Department of Transportation under its authority to procure services ancillary to the construction and maintenance of a public road (as defined in O.C.G.A 32-1-3 (24) as provided for in O.C.G.A 32-2-61 (c) and (d) (1) (D).

Through this Invitation to Bid (ITB) the Georgia Department of Transportation (hereinafter, “the Department or GDOT”) is seeking bids and Statements of Work from the qualified firms who have been awarded a Maintenance Master Services Agreement (MMSA) under a Request for Qualified Contractors (RFQC) (GDOT’s pre-qualification process) for **Vegetation Removal Services**.

The awarded firm/respondent (identified by name in Table 14 below and hereinafter referred to as “Contractor”) to this ITB is subject to the terms and conditions of its MMSA with GDOT, which was awarded under a RFQC or prequalification process for **Vegetation Removal Services** and is specifically incorporated herein in **Table 10 below** hereinafter referred to as the “MMSA”), and this document, and is cautioned to completely review the entire ITB and follow instructions carefully. General Information and Instructions regarding bid submissions are provided in the **General Information and Instructions attached (Exhibit 1)** and included with the ITB.

The Department reserves the right to modify existing provisions or include additional provisions, which are not currently addressed herein and further reserves the right to reject any or all bids and/or Statements of Work, and to waive technicalities and informalities at its discretion.

The use of Subcontractors will only be allowed as per the provisions in **Exhibit 3 - Project Scope of Work - Section A - Subsection 8.2 Subcontractors**.

A Performance Bond and a Payment Bond each equal to 100% of the Award Price, must be provided by the successful Bidder.

**Table 13.2 –Mandatory Response from Bidder:
Attachments**

The following document must be uploaded as a bid response in Team Georgia Marketplace prior to the deadline for bid submittals:

Invitation to Bid (ITB) Bid Form

Contractor must utilize the **Table 12 – Bid Form** provided to indicate pricing to perform the services selected in **Table 12**. Contractors must enter all information directly on **Table 12**. Contractors must enter the value from the “Line Total” column in each corresponding line of the Sourcing Event. A bid must be entered for every line that has an “x” in **Table 12** in “number” (two-place decimal), not “currency” or other format unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols. (e.g., \$7.90 should be entered as 7.90) Prices must be in US Dollars. Contractors must enter a price for each line item. Supplier must enter a value of “0” if there is no charge for the item. Cells left blank or cells containing “n/a” to indicate not available will be interpreted as “no offer” and will be cause for rejection of the bid response. The entire ITB Bid Form must be completed in its entirety, signed by the Contractor’s personnel with the authority to obligate the Contractor and attached to the sourcing event with bid response.

The following document should be uploaded as a bid response in Team Georgia Marketplace prior to the deadline for bid submittals and must be submitted prior to entering into a contract with the Department:

Georgia Security and Immigration Compliance Act Affidavit

In addition to initial ITB award, the Contractor’s continued compliance with the Georgia Security and Immigration Compliance Act will be a factor in the Department’s decision to award any bids or multi-year agreements. The Georgia Security and Immigration and Compliance Act (O.C.G.A.) 13-10-91 et seq. requires Contractors to file an affidavit that the Contractor and its subcontractors have registered and participate in a federal work authorization program intended to ensure that only lawful citizens or lawful immigrants are employed by the Contractor or subcontractor. The Department is required to obtain such signed and notarized affidavits from Contractor prior to entering into any public works contract involving the Contractor’s physical performance of services within the state of Georgia. A Contractor should attach to the sourcing event the affidavit at the time of bid response to be eligible for bid award.

Registration and participation in the federal work authorization program also extends to the supplier’s subcontractors. Therefore, to the extent the supplier’s response to the bid also must follow the instructions outlined in **Exhibit 3 - Project Scope of Work - Section A - Subsection 8.2 Subcontractors**. Submitting this information with your bid package does in no way insure the approval of the subcontractor.

**Table 13.3 –Mandatory Response from Bidder:
Post Bid Close Submittals**

The intended awardee will be notified via e-mail of the Department's intent to accept the Contractor's bid. Within **ten (10) calendar days** of the email, the intended awardee must submit hard copies of the documents listed below to the Issuing Officer referenced in Table 1, with original signatures and applicable required notary seals. The final award is contingent on post bid submittals being received within **10** calendar days and sufficiently meeting the Department's needs.

1. **Invitation to Bid (ITB) Bid Form:** Original Hard copies of the complete, attached ITB Bid Form with original signatures and seals. (Failure to return the complete, attached ITB form within the specified time frame may be considered as non-responsive and can result in the rejection of the bid.)
2. **Current Licenses:**
DELETE this note and any license requirements that are not applicable to this ITB.
 - a. ISA Certified Arborist – Prospective Contractor, Contractor's Staff, or Contractor's Subcontractor is an ISA Certified Arborist.
 - b. Pesticide Applicators License – Prospective Contractor has a Georgia Department of Agriculture Pesticide License(s) with a Category 27 – Right of Way Endorsement.
 - c. Pesticide Contractors License – Prospective Contractor has a Georgia Department of Agriculture Pesticide Contractors License
3. **Plans:** **INSTRUCTIONS: Check the needed plan below. Enter details for the required work plan below. DELETE THIS NOTE once work plan details are entered.**

The awarded Contractor is required to provide a detailed description/list of the following that the contractor plans to use for the Vegetation Removal Services in this District. The description/list will be evaluated to ensure the plan is sufficient for the requested work based solely on the Department's experience and historical data for similar work or projects.

Work Plan - Provide detailed work plan for accomplishing scope of services listed on this ITB. The Contractor's must comply with the work schedule detailed in **Table 9 – Agreement Duration** and must meet all milestones detailed in **Table 9.1 – Project milestones**.

Traffic Control Plan

Equipment - Provide a detailed list of equipment to be utilized for accomplishing scope of services listed on this ITB.

Personnel - Provide a detailed list of personnel and titles to be utilized for accomplishing scope of services listed on this ITB.

4. **Required Insurance Coverage and Certificates of Insurance:**

The Contractor shall, prior to the issuance of the PO, procure and maintain the insurance coverage listed in subsection ARTICLE #110.B, of the Maintenance Master Services Agreement which shall protect the Contractor and GDOT (as an additional insured) from any claims for bodily injury, property damage, or personal injury throughout the duration of the work, at the Contractor's own expense. The Contractor will not be permitted to commence any work prior to the Department acceptance of insurance coverage. Failure to retain insurance for the term of the performance of the Services will result in a cease of work and may be grounds for termination.

5. **Performance and Payment Bonds:**

As required in **Table 13.1 Mandatory Response from Bidder: Bonds**

Table 14 – Statement of Agreement

A. The Contractor agrees that:

1. It has not submitted substitutions or alternate bids and if so done the bid will be considered non-responsive and will not be considered for award.
2. It will be paid in accordance with Section III Compensation and Payment, Articles #301 through #303 of the MMSA. In the case where the ITB is a Lump Sum, the percentage of work completed for payment will be determined by the Department.
3. This bid may not be revoked or withdrawn after the bid closes and will remain open for acceptance for a period of 180 days following such time.
4. It will provide services at the above stated price at the time stated herein and to furnish to GDOT all required documents required herein.

B. The foregoing statement of qualifications is submitted under oath.

1. Under oath I certify that I am a principal or other representative of the firm of **Enter Contractor's Legal Name** and that I am authorized by it to execute the foregoing offer on its behalf. I am a principal person of the foregoing with management responsibilities for the foregoing subject matter and as such I am personally knowledgeable of all of its pertinent matters. We certify that this bid/proposal is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid/proposal for the same services, materials, labor, supplies, or equipment and is in all respects fair and without collusion or fraud. We understand collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards. We agree to abide by all conditions of this bid/proposal. We certify that no person associated with our firm is an employee of, or affiliated with, GDOT or holds any statewide elective or appointed office. We further certify that no person who holds any statewide elective or appointed office or who is affiliated with GDOT has been paid or promised by the firm any compensation in connection with this procurement by GDOT.
2. Information given in response to the ITB is full, complete and truthful.
3. I further certify that the Contractor and any principal employee of the Contractor has not, in the immediately preceding five (5) years, been convicted of any crime of moral turpitude or any felony offense, nor has had their professional license suspended, revoked or been subjected to disciplinary proceedings.
4. I further certify that the Contractor has not been suspended or debarred from contracting with any federal, state or local government agency, and further, that the Contractor is not now under consideration for suspension or debarment from any such agency.
5. I further certify that the Contractor has not in the immediately preceding five (5) years been defaulted in any federal, state or local government agency contract and further, that the proposer is not now under any notice of intent to default on any such contract. This includes any MMSA or ITB issued by GDOT.
6. I acknowledge, agree and authorize, and certify that the Contractor acknowledges, agrees and authorizes, that GDOT may, by means that either deems appropriate, determine the accuracy and truth of the information provided by the Contractor and that GDOT may contact any individual or entity named in the Statement of Qualifications for the purpose of verifying the information supplied therein.
7. I acknowledge that a material false statement or omission made in conjunction with this proposal is sufficient cause for suspension or debarment from further contracts, or denial of rescission of any contract entered into based upon this proposal thereby precluding the firm from doing business with, or performing work for, the State of Georgia. In addition, such false statement or omission may subject the person and entity making the proposal to criminal prosecution under the laws of the State of Georgia of the United States, including but not limited to O.C.G.A. §16-10-20, 18 U.S.C. §§1001 or 1341.
8. Pursuant to O.C.G.A. Sec. 50-5-85, Contractor hereby certifies that it is not currently engaged in, and agrees that for the duration of this contract, it will not engage in a boycott of Israel.

C. The Contractor understands and agrees that:

1. This ITB is being sourced through an electronic sourcing tool approved by the Department of Administrative Services and all Contractors' responses must be submitted electronically in accordance with the instructions contained in **Section B "Submittal Instructions"** of **Exhibit 1 General Information and Instructions** attached and included with the ITB. Submission of the attachments listed above constitutes the Contractor's entire bid response for this ITB. The intended awardee will be notified by e-mail and must submit the hard copy of the bid response, with original signatures and required seals, along with any other requested documents to the Department's contact referenced in **Table 1** no later than 10 Calendar days after notification. Upon receipt of the winning Contractor's original bid package, the Department will follow the instructions contained in **Section D "Selection Information" Sub-Section 5 "Award Schedule"** of **Exhibit 1 General Information and Instructions**.
2. With submission of a bid, the Contractor agrees that he/she has carefully examined the ITB and all associated document, and the Contractor agrees that it is the Contractor's responsibility to request clarification on any issues in any section of the ITB bid form, attachments or appendixes with which the Contractor disagrees or needs clarified. The Contractor also understands that failure to mention these items in the bid will be interpreted to mean that the Contractor is in full agreement with the terms, conditions, specifications and requirements therein.
3. With submission of a bid, the Contractor hereby certifies:
 - a. That this bid is genuine and is not made in the interest or on behalf of any undisclosed person, firm, or corporation.
 - b. That Contractor has not directly or indirectly included or solicited any other Contractor to put in a false or insincere proposal.
 - c. That Contractor has not solicited or induced any person, firm, or corporation to refrain from sending a bid.

D. Sexual Harassment Prevention Policy Compliance:

The State of Georgia promotes respect and dignity and does not tolerate sexual harassment in the workplace. The State is committed to providing a workplace and environment free from sexual harassment for its employees and for all persons who interact with state government. All State of Georgia employees are expected and required to interact with all persons including other employees, contractors, and customers in a professional manner that contributes to a respectful work environment free from sexual harassment. Furthermore, the State of Georgia maintains an expectation that its contractors and their employees and subcontractors will interact with entities of the State of Georgia, their customers, and other contractors of the State in a professional manner that contributes to a respectful work environment free from sexual harassment.

Pursuant to the State of Georgia's Statewide Sexual Harassment Prevention Policy (the "Policy"), all contractors who are regularly on State premises or who regularly interact with State personnel must complete sexual harassment prevention training on an annual basis.

A contractor, including its employees and subcontractors, who have violated the Policy, including but not limited to engaging in sexual harassment and/or retaliation may be subject to appropriate corrective action. Such action may include, but is not limited to, notification to the employer, removal from State premises, restricted access to State premises and/or personnel, termination of contract, and/or other corrective action(s) deemed necessary by the State.

1. If a Contractor is an individual who is regularly on State premises or who will regularly interact with State personell, Contractor certifies that:
 - a. Contractor has received, reviewed and agreed to comply with the State of Georgia's Statewide Sexual Harassment Prevention Policy located at <http://doas.ga.gov/human-resources-administration/board-rules-policy-and-compliance/jointly-issued-statewide-policies/sexual-harassment-prevention-policy>;

- b. Contractor has completed sexual harassment prevention training in the last year; or will complete the Georgia Department of Administrative Services' sexual harassment prevention training located at <http://doas.ga.gov/human-resources-administration/sexual-harassment-prevention/hr-professionals/employee-training> (scroll down to section for entities without a LMS section) or this direct link <https://www.youtube.com/embed/NjVt0DDnc2s?rel=0> prior to accessing State premises and prior to interacting with State employees; and on an annual basis thereafter; and,
 - c. Upon request by the State, Contractor will provide documentation substantiating the completion of sexual harassment training.
2. If a contractor has employees and subcontractors that are regularly on State premises or who will regularly interact with State personell, Contractor certifies that:
 - a. Contractor will ensure that such employees and subcontractors have received, reviewed and agreed to comply with the State of Georgia's Statewide Sexual Harassment Prevention Policy at <http://doas.ga.gov/human-resources-administration/board-rules-policy-and-compliance/jointly-issued-statewide-policies/sexual-harassment-prevention-policy>
 - b. Contractor has provided sexual harassment prevention training in the last year to such employees and subcontractors and will continue to do so on an annual basis; or Contractor will ensure that such employees and subcontractors complete the Georgia Department of Administrative Services' sexual harassment prevention training located at <http://doas.ga.gov/human-resources-administration/sexual-harassment-prevention/hr-professionals/employee-training> (scroll down to section for entities without a LMS section) or this direct link <https://www.youtube.com/embed/NjVt0DDnc2s?rel=0> prior to accessing State premises and prior to interacting with State employees; and on an annual basis thereafter; and
 - c. Upon request of the State of Georgia Department of Transportation, Contractor will provide documentationsubstantiating such employees and sub contractors' acknowledgement of the State of Georgia's Statewide Sexual Harassment Prevention Policy and annual completion of sexual harassment prevention training.

General Information and Instructions

A. General Information

1. ITB Released

The release of the ITB is formally communicated through the posting of this ITB as an event in Team Georgia Marketplace™ and by a public announcement posted to the Georgia Procurement Registry, which is accessible online as follows: http://ssl.doas.state.ga.us/PRSapp/PR_index.jsp

This ITB is being conducted through Team Georgia Marketplace™, an online, electronic tool, which allows a supplier to register, logon, select answers and type text in response to questions, and upload any necessary documents. Team Georgia Marketplace™ permits a supplier to build and save a response over time until the supplier is ready to submit the completed response. Each supplier interested in competing to win a project must complete and submit a response to this ITB using Team Georgia Marketplace™. Therefore, each supplier MUST carefully review the instructions and training information from the following link for a comprehensive overview of the functionality of Team Georgia Marketplace™: <http://doas.ga.gov/state-purchasing/suppliers>
Bids received outside of Team Georgia Marketplace™ either electronic or paper will not be accepted.

2. Restriction of Communication

From the advertisement date of this invitation until an award notice is sent, Contractors are not allowed to communicate for any reason with any staff of GDOT, including the Commissioner, GDOT Board Members, and Legislators, except through the contact identified in Table 1 – General Information of the ITB form. Prohibited communication includes all contact or interaction, including but not limited to telephonic communications, emails, faxes, letters, or personal meetings, such as lunch, entertainment, or otherwise. For violation of this provision, GDOT reserves the right to reject the submittal of the offending Contractor.

3. Federal-Aid Highway Program Funds

It should be noted that no Federal-Aid Highway Program funds may be used to fund this contract as the procurement process considers more than just low-bid (via the prequalification process), there are no detailed plans and/or specifications which are typically associated with construction jobs, and there are numerous other Federal requirements which have not been included in order to streamline the procurement process as well as the delivery of the work.

4. Submittal Cost and Confidentiality

All expenses for preparing and submitting responses are the sole cost of the party submitting the response. The Department is not obligated to any party to reimburse such expenses. All submittals upon receipt become the property of the Department. Labeling information provided in submittals “proprietary” or “confidential”, or any other designation of restricted use will not protect the information from public view. Subject to the provisions of the Open Records Act, the details of the proposal documents will remain confidential until final award.

5. Submittal of Questions and Requests for Clarification and Extensions

All questions concerning this ITB must be submitted in writing via email to the Issuing Officer identified in Table 1 - General Information. No questions other than written will be accepted. No response other than written will be binding upon the State. All suppliers must submit questions by the deadline identified in the Schedule of Events for submitting questions. Suppliers are cautioned that the Department may or may not elect to entertain late questions or questions submitted by any other method than as directed by this section. All questions about this ITB must be submitted in the following format:

B. Submittal Instructions

Submittal Instructions for Team Georgia Marketplace™

Listed below are key action items related to this ITB. The Schedule of ITB Events in Table 2 identifies the dates and time for these key action items. This portion of the ITB provides high-level instructions regarding the process for reviewing the ITB, preparing a response to the ITB and submitting a response to the ITB.

1. Preparing a response

As noted earlier, Team Georgia Marketplace™ allows the Contractor to answer questions by entering text and numeric responses. In addition, as noted in **Section 2** “Uploading Forms”, the Contractor may also provide information by uploading electronic files. When preparing a response, the Contractor must consider the following instructions:

- a. Use the provided worksheets to prepare your response. Enter your responses directly into the worksheet. Unless otherwise directed, do not insert “see attached file” (or similar statements) in the worksheet to reference separate documents.
- b. Proofread your response and make sure it is accurate and readily understandable.
- c. Label any and all uploaded files using the corresponding section numbers of the ITB or any other logical name so that the Department can easily organize and navigate the Contractor’s response.
- d. Use caution in creating electronic files to be uploaded. If the Department is unable to open an electronic file due to a virus or because the file has become corrupted, the Contractor’s response may be considered incomplete and disqualified from further consideration. The Department will not attempt to repair any such files.
- e. Use commonly accepted software programs to create electronic files. The Department has the capability of viewing documents submitted in the following format: Microsoft Word or WordPad, Microsoft Excel, portable document format file (PDF), and plain text files with the file extension noted in parentheses (.txt). Unless the ITB specifically requests the use of another type of software or file format than those listed above, please contact the Issuing Officer prior to utilizing another type of software and/or file format. In the event the Department is unable to open an electronic file because the Department does not have ready access to the software utilized by the Contractor, the Contractor’s response may be considered incomplete and disqualified from further consideration.
- f. Continue to save your response until the response is ready to be submitted. Select the “Save for Later” button at the top of the page under “Event Details” of the Sourcing Event.

2. Uploading Forms

Once the Contractor is ready to upload electronic files (completed forms or worksheets, product sheets, etc.), please follow the directions below to upload these documents in the proper location. All uploaded documents file names (attachments) must not be more than 55 characters per file. There are three places to upload completed documents:

- a. First, the “View/Add General Comments & Attachments” link contains a place for the Contractor to upload all of the documents and worksheets which were provided by the Department under the “View Event Attachments” link. Once the Contractor has completed the Event Attachments, the Contractor can then

select “Add New Attachments” to upload the completed documents. The Contractor can upload as many documents as necessary in this section of the Event.

- b. Second, the Contractor can also upload documents in response to each question or bid factor which appears on the main page of the Event, which appears below the “View/Add General Comments & Attachments” link of the Event. To the right of each question or bid factor, the Contractor can select the “Add Comments or Attachments” link to either enter a written response or upload an electronic document in response to the question or bid factor. After selecting “Add Comments or Attachments”, the Contractor should select “Upload” under the “Add New Attachments” section to browse and upload an electronic file.
- c. Third, the Contractor can also upload documents in the bottom portion of the Event where pricing is requested. After selecting the comment bubble icon, the Event allows the Contractor to select “Upload” in order to include an attachment as part of the Contractor’s response. In the alternative, the Contractor can also select the link “Bid”, which also appears to the right of any line items provided in the “Enter Line Bid Responses” portion of the Event. After selecting the “Bid” link, the Contractor can select “View/Add Question Comments and Attachments” to upload a document.

3. Reviewing the Response Prior to Submission

Each Contractor is responsible for ensuring all questions have been answered appropriately and that all necessary documents have been uploaded. Prior to final submission, please review the following checklist:

- a. Please review and confirm that the Contractor has answered all questions appropriately. Many questions require a “yes” or “no” response. Please ensure that the correct response has been selected.
- b. Please review and confirm that the most competitive response has been provided.
- c. Please confirm that all necessary files have been uploaded.
- d. Please select the “Validate Entries” button under “Event Details” at the top portion of the Event. While the “Validate Entries” feature cannot verify whether the Contractor has attached files, attached the correct files, or entered the correct responses, the “Validate Entries” feature will alert the Contractor if one or more questions in the “Event Questions” section of the Event have not been answered. The “Validate Entries” feature is a useful tool; however, it is no substitute for careful preparation and review by the Contractor. The Department will not consider the Contractor’s use of the “Validate Entries” feature as an excuse for an error committed by the Contractor in the preparation of its response.

4. Submitting the Completed Response/Bid

Once the completed response has been reviewed by the Contractor, click the “Submit Bid” button at the top of the page under the “Event Details” section of the Event. Any information entered by the Contractor into Team Georgia Marketplace™ but not submitted prior to the submission deadline will not be released to the Department and will not be considered for award. Only after a Contractor selects the “Submit Bid” button, will the response to the ITB be sent electronically, time stamping the Contractor’s response and sending a confirmation email to the Contractor’s email address. Please note that submission is not instantaneous; therefore, each Contractor must **allow ample time for its response to be submitted prior to the deadline.**

5. Review, Revising or Canceling a Submitted Response

After the response has been submitted, the Contractor may view and/or revise its response by logging into Team Georgia Marketplace™ and selecting the ITB event number and the “View/Edit” feature for the Contractor’s previous response. Please take note of the following:

- a. **REVIEW ONLY.** In the event the Contractor only wishes to view a submitted response, the Contractor may select “View/Edit”. Once the Contractor has finished viewing the response, the Contractor may simply exit the screen. **DO NOT SELECT “Save for Later.”** Team Georgia Marketplace™ recognizes any response placed in the “Save for Later” status as a work in progress and withdraws the originally submitted bid. As a result, unless the Contractor selects “Submit” prior to the closing date and time, no response will be transmitted to the Department.

- b. **REVIEW AND REVISE.** In the event the Contractor desires to revise a previously submitted response, the Contractor may select “View/Edit” and then revise the response. If the revisions cannot be completed in a single work session, the Contractor should save its progress by selecting “Save for Later.” Once revisions are complete, the Contractor **MUST** select “Submit” to submit its corrected response. Please permit adequate time to revise and then resubmit the response. Please note submission is not instantaneous and may be affected by several events, such as the Contractor temporarily losing a connection to the Internet.
- c. **AS EACH CONTRACTOR IS SOLELY RESPONSIBLE FOR RESUBMITTING ITS RESPONSE PRIOR TO THE ITB END DATE AND TIME TO ENSURE THE RESPONSE MAY BE CONSIDERED BY THE DEPARTMENT, PLEASE USE CAUTION IN DECIDING WHETHER OR NOT TO MAKE REVISIONS.** The State will assume no responsibility for a Contractor’s inability to correct errors or otherwise make revisions to the submitted response or the Contractor’s inability to resubmit a response prior to the ITB end date and time.
- d. **WITHDRAW/CANCEL.** In the event the Contractor desires to revise a previously submitted response, the Contractor may select “View/Edit” and then select “Save for Later”. Team Georgia Marketplace recognizes any response placed in the “Save for Later” status as a work in progress and *withdraws the originally submitted bid*. As a result, unless the Contractor selects “Submit” prior to the closing date and time, no response will be transmitted to the Department. In the event a Contractor desires to withdraw its response after the closing date and time, the Contractor must submit a request in writing to the Issuing Officer.

6. Help Desk Support

For technical questions related to the use of Team Georgia Marketplace™, including assistance with finding, opening and uploading documents, Contractors have access to phone support through the DOAS Customer Service Help Desk at 404-657-6000, Monday through Friday 8:00 AM to 5:00 PM EST excluding State Holidays or any other day state offices are closed such as furlough days or closings in response to inclement weather. Contractors can also email questions to:

ProcurementHelp@doas.ga.gov

The Department reserves the right to approve or reject such requests as the Department deems necessary.

C. Cost/Pricing

1. General Pricing Rules

By submitting a response, the supplier agrees that it has read, understood, and will abide by the following instructions/rules:

- a. The submitted pricing must include all costs of performing pursuant to the resulting award; and
- b. Bids Containing a minimum order/ship quantity or dollar value, unless otherwise called for in the ITB, will be treated as non-responsive and may not be considered for award; and
- c. The supplier is required to provide net prices. In the event there is discrepancy between a supplier’s unit price and extended price, the unit price shall govern;
- d. **In the event there is a discrepancy between (1) the supplier’s pricing as quoted on an uploaded, detailed bid form (Table 12) and (2) the supplier’s pricing as quoted by the supplier in one or more single line entries directly into the Sourcing Event screen, the former shall govern;** and
- e. The prices quoted on the ITB form shall be firm throughout the term of the resulting award, unless otherwise noted in the ITB; and
- f. Any cash discount offered to the Department must be clearly identified in the supplier’s response. In the event the State Entity is entitled to a cash discount, the period of computation will commence on the date of delivery, or receipt of a correctly computed invoice indicating the discount, whichever occurs later; and
- g. Unless otherwise specified in any terms and conditions attached to the ITB, all product deliveries will be F.O.B. destination and all shipping charges must be included in the quoted cost; and

- h. Unless expressly permitted by the ITB, responses containing provisions for late or interest charges cannot be awarded an ITB. Suppliers must “strike through” any such provisions in printed forms and initial such revisions prior to submitting a response to the State Entity; and
- i. Responses containing prepayment and/or progress payment requirements may be determined non-responsive unless otherwise permitted by the ITB; and
- j. Unless permitted by the ITB, responses requiring payment from the State Entity in less than thirty (30) days will be considered non-responsive; and
- k. The State of Georgia is exempt from certain taxes and no provision for such taxes should be included in the supplier’s response.

2. Cost Structure and Additional Instructions

The State Entity’s intent is to structure the cost format in order to facilitate comparison among all Contractors and foster competition to obtain the best market pricing. Consequently, the State Entity requires that each supplier’s cost be structured as directed in the ITB. Additional alternative cost structures will not be considered. Each supplier is hereby advised that failure to comply with the ITB instructions, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the supplier’s response.

3. Price Matching

A price matching option will be available for Contractors that are a Georgia Resident, Small Businesses, or Georgia Resident Small Businesses. Contractors must indicate its status as a Georgia Resident, Small Businesses, or Georgia Resident Small Businesses as requested in the solicitation based on the following criteria:

- a. Georgia Resident Businesses - Georgia resident business refers to any business that regularly maintains a place from which business is physically conducted in Georgia for at least one year prior to any bid or proposal to the state or a new business that is domiciled in Georgia and which regularly maintains a place from which business is physically conducted in Georgia, provided, however, that a place from which business is conducted shall not include a post office box, a leased private mailbox, site trailer, or temporary structure(O.C.G.A) Section 50-5-121, 50-5-122.
- b. Small Businesses: Small business refers to a business which is independently owned and operated with either fewer than 300 employees or less than \$30 million in gross receipts per year (O.C.G.A) Section 50-5-121, 50-5-122. and/or,
- c. Georgia Resident Small Businesses: Georgia Resident Small Business refers to any business that meets both criteria of Small Business and Georgia Resident Business as defined above.

The ability to price match will only be granted to responsive and responsible bidders that are within 5% up to \$10,000 of the lowest responsive and responsible bid. The indication by the supplier that the supplier will price match does not constitute further negotiation of pricing. In the event both the lowest bidder and the next lowest bidder qualify as a Georgia Resident, Small Businesses, or Georgia Resident Small Businesses, the price match option will be void.

D. Selection Information

1. Selection Process

Once the deadline for bids has passed, all bids will be opened and reviewed to determine all mandatory requirements have been addressed correctly. All bids which are identified as correctly addressing all mandatory requirements will be reviewed to and the total amount of the bid will be evaluated. The award will be made to the bid deemed to be the lowest responsive and responsible bid.

The winning Contractor will be notified in writing via email and will be given ten (10) Calendar days to provide the required documents referenced in **Table 13.3 – Mandatory Response From Bidder: Post Bid Close**

Submittals. If the Contractor does not provide the required document by the deadline, the Contractor may be deemed “non-responsive” and may no longer be considered for award. At that point, the next lowest bidder will be notified via e-mail of the Department’s intent to accept the next lowest bidder’s bid.

2. Unbalanced Bid

- a. An unbalanced bid is defined as either mathematically unbalanced or materially unbalanced. A mathematically unbalanced bid is one containing lump sum or unit bid items which do not reflect reasonable actual costs plus a reasonable proportionate share of the bidder’s anticipated profit, overhead costs, and other indirect costs, which he/she anticipates for the performance of the items in question. A bid is materially unbalanced if there is a reasonable doubt that award to the bidder that submitted a mathematically unbalanced bid will result in the lowest ultimate cost to the Government.
- b. All bids are subject to review for prices that are either in excess of or below the reasonable cost as compared to the Department’s estimate and historical prices kept for related services by the Department. The submittal of an unbalanced bid may result in the rejection of the Contractor’s bid. If the low bid proposal is determined to be materially unbalanced to the potential detriment of the Department, it will be considered irregular and will be rejected as nonresponsive.

3. Award

Lowest, Responsive and Responsible: Any award(s) resulting from this ITB will be made to the lowest, responsive and responsible Contractor meeting all specifications. The Department reserves the right to select one or more suppliers for award and to award all items to one or more suppliers, individual line items to one or more suppliers, or subcategories of products/services to one or more suppliers when to do so is in the best interests of the State of Georgia.

4. Award Conditions

This ITB and any bid submitted in response, regardless of whether the bid is determined to be the lowest cost, is not binding upon the Department and does not obligate the Department to procure or contract for any services. Neither the Department nor any party submitting a bid will be bound unless and until the bid is mutually accepted by both parties. The Department will issue a Notice of Award announcing the Department’s selection. The Department will issue a Purchase Order to the awarded Contractor which will represent Department’s acceptance of the Contractor’s bid.

5. Award Schedule

This ITB will be awarded according to **Table 2 – Schedule of Events.**

- a. **Notice of Award (NOA):**
The NOA document will be posted, including the Bid Tab, to the event after the ITB contract document has been signed and executed by both parties. The NOA is for the issuance of the contract only. This notice does in no way give the awarded Contractor notice to begin work.
- b. **Prewrite Meeting Document (PMD):**
The PMD will be filled out and signed at the mandatory Prewrite meeting. All start dates, end dates and milestones shall be entered into this document and signed by the GDOT representative and a representative of the Contractor. This notice is the official start of the contract terms stated within the ITB document. Issuance of the PO and complete contract package will be within 72 hours after the completion of the Prewrite Meeting.
- c. **Purchase Order/Notice to Proceed:**
Issuance of the Purchase order/Notice to Proceed and complete contract package will be within 72 hours after the completion of the Prewrite meeting.

The Department reserves the right to waive non-compliance with any requirements of this ITB and to reject any or all bids submitted in responses. Upon review of bid responses, the Department will determine the party(s) and bids that in the sole judgment of the Department is in the best interest of the Department (if any is so determined), with respect to the evaluation criteria stated herein.

Exhibit 3 Project Scope of Work

A. Scope of Work to be Performed

The Contractor will be required to perform prep work, removal, installation and cleanup for Vegetation Removal Services defined in this ITB. The majority of the work will occur on the Interstate and State Route system. The Contractor shall supply labor, equipment, tools, means of transportation, traffic control, and incidentals to perform work in accordance to specifications, and to ensure a safe work environment for employees and the traveling public within the time schedule specified.

1. **Scope**

Work under this ITB consists of furnishing all labor, materials, tools, equipment, means of transportation, and incidentals necessary to perform the services. Contractor must furnish equipment in good operating condition and operated by properly trained and qualified personnel. The Contractor must make a good faith effort to furnish the Department the fully operational equipment needed to perform Vegetation Removal Services at such time, and at such location(s) as directed by the Engineer. Prior to start of work, Contractor must inspect equipment to ensure the equipment is fully operational for the performance of its intended purpose. The Contractor will also be responsible for any traffic control, licenses, and permits required to satisfy the duties required herein.

2. **Terms and Definitions**

- a. ANSI: – American National Standards Institute current edition. <http://ansi.org/>
- b. Approval/Acceptance: Inspected and approved by the Engineer for compliance with the requirements of the Specifications included in this Contract.
- c. Engineer or his Designee: The Department's inspector, (hereafter referred to as the "Engineer").
- d. Mainline: The area(s) between interchanges on interstates, limited access routes, and state routes.
- e. Limited Access Highway: A Highway or arterial road for high-speed traffic which has many characteristics of a controlled access highway (interstate), including limited or no access to adjacent property.
- f. Travel Way: The actual road lanes in which vehicles travel not including paved shoulders
- g. MUTCD: The Manual on Uniform Traffic Control Devices (MUTCD), current edition.
- h. Standard Specifications (Specifications): State of Georgia Standard Specifications for Construction of Transportation Systems, 2013 Edition or latest edition, the Project Special Provisions, the Georgia Department of Transportation, Supplemental Specifications, Standard Drawings and Construction Details. <http://www.dot.ga.gov/PS/Business/Source>.
- i. Right-of-Way (R/W): The entire portion of a highway within the boundaries of access-control fences or access-control lines where no fences exists.
- j. Debris: Material associated with the tree cutting and pruning operation including stems, branches, bark, leaves, etc.
- k. Litter: Litter may consist of paper, boxes, bottles, cans, tires, recaps, rubber pieces, mattresses, appliances, lumber, metal pieces, hubcaps, vehicle parts, dead animals, memorials and other items not considered normal to the right of way. It is not intended for small objects such as cigarette butts, chewing gum wrappers and similar sized items to be removed under this work.
- l. Georgia Roadside Management: iPhone app, available through the iPhone App Store.
- m. Pruning: Cutting of tree limbs or branches.
- n. Random Clearing: this work consists of cutting vegetation and removal from the Right of Way and proper disposal of all debris within the clearing limits as specified.
- o. Side Trimming: this work consists of pruning and/or trimming of the tree branches that are encroaching or are a threat to encroach from the sides of the R/W onto the travel ways.
- p. Removal: Removing of all debris from the GDOT right of way associated with the tree cutting and/or pruning operations.

- q. Tree Cutting: Cutting tree(s) with equipment designed and built for constant heavy use in tough conditions, including roadside conditions.
- r. Vegetation Removal: consists of random clearing, side trimming, herbicide applications and debris removal operations.

3. Equipment

All equipment contemplated for use shall be subject to inspection and acceptance for mechanical worthiness and appropriateness for the work intended by the Engineer. Department decisions relevant to mechanical worthiness and appropriateness shall be final. Equipment left on the right of way is the responsibility of the Contractor. Equipment may be parked outside of the clear zone or behind positive barrier property overnight with the approval of the Engineer.

4. Materials

Submit a list of all herbicides intended for use for the purpose of these specifications on cut stump treatment applications as well as control of invasive vines, grasses and weeds. Include labels and Material Safety Data Sheets (MSDS) for each herbicide. The Engineer must approve or disapprove of the intended herbicide to be used prior to any applications being performed.

5. Vegetation Removal Requirements

a. Random Clearing

This work consists of clearing, removing and disposing of all vegetation and debris in areas within the R/W as specified, except such objects as are designated by the Engineer to remain or to be removed in accordance with the Plans or other sections of the Specifications. Vegetation and debris includes: trees, shrubs, vines, logs, limbs, mulch piles and all other debris associated with random clearing.

1. Random clearing may be done by any method provided that the ground disturbance is minimal and no damage is done to property, structures, trees, or shrubbery to be retained, in or outside the R/W boundaries.
2. Remove all trees, brush, stumps and roots projecting through or appearing on the surface of the ground by cutting or grinding flush with the surrounding ground surface. No grubbing operations are allowed.
3. The Engineer will designate any trees, shrubs, plants, and other objects within the clearing limits specified that are to remain and be preserved.
4. Preserve all concrete ditches and flumes, drainage structures and headwalls, sound barriers, utility lines and poles, fences, signs, R/W markers and other permanent R/W structures.
5. The Engineer may specify that additional damaged, diseased, or deformed trees outside of the clearing limits be removed.
6. Logging operations for marketable timber is permissible when performing random clearing only in such a manner as not to interfere with the safety of the traveling public or personnel involved with the work.
7. Trees outside the limits of clearing shall have all tree branches that extend within the limits of clearing area removed back to the branch bark ridge at the tree trunk to the top of the tree.
8. Invasive plant species that are within the clearing limits shall be removed from the R/W that does not allow propagation or re-growth of the plant(s). Do not grind or chip invasive plant species. The following is a list of invasive plant species:

Invasive Plant Species in Georgia	
Scientific Name	Common Name
Ailanthus altissima	Tree-of-Heaven
Albizia julibrissin	Mimosa
Alternanthera philoxeroides	Alligator Weed
Carduus nutans	Musk Thistle
Eichhornia crassipes	Water Hyacinth
Elaeagnus pungens	Thorny Olive
Elaeagnus umbellata	Autumn-Olive
Hedera helix	English Ivy

Hydrilla verticillata	Hydrilla
Imperata cylindrica	Cogongrass
Lespedeza bicolor	Shrubby Lespedeza
Lespedeza cuneata	Sericea Lespedeza
Ligustrum japonicum	Japanese Privet
Ligustrum sinense	Chinese Privet
Lonicera japonica	Japanese Honeysuckle
Lonicera maackii	Amur Honeysuckle
Lygodium japonicum	Japanese Climbing Fern
Melia azedarach	Chinaberry
Microstegium vimineum	Nepalese Browntop
Miscanthus sinensis	Chinese Silvergrass
Murdannia keisak	Marsh Dayflower
Nandina domestica	Sacred Bamboo
Paspalum verillei	Vaseygrass
Paulownia tomentosa	Princess Tree
Phyllostachys aurea	Golden Bamboo
Pueraria Montana var. lobata	Kudzu
Rosa multiflora	Multiflora Rose
Sesbania herbacea	Bigpod Sesbania
Sesbania punicea	Red Sesbania
Sorghum halepense	Johnsongrass
Spiraea japonica	Japanese Spiraea
Triadica sebifera	Chinese Tallow Tree
Vinca major	Big Periwinkle
Vinca minor	Common Periwinkle
Wisteria sinensis	Wisteria

b. Herbicide Applications

Upon completion of final cut at ground level on all non-invasive hardwood species, apply a cut stump treatment herbicide approved for use by the Engineer to prevent re-growth. Apply herbicides at labeled rates and treatment recommendations immediately after final cut is performed. Apply herbicide using a blue dye additive. No additional compensation will be paid for this treatment. Apply herbicide treatments to invasive plant species as follows:

1. Woody Types: Upon completion of final cut at ground level on all invasive woody species, apply a cut stump treatment herbicide with blue dye additive approved for use by the Engineer to prevent re-growth. Apply herbicides at labeled rates and treatment recommendations immediately after final cut is performed.
2. Vines: Spray invasive vines during the growing season with a herbicide that is labeled to control the specific vine approved for use by the Engineer. Apply herbicide at labeled rates and treatment recommendations. Spray foliage that is within 4 feet of the ground. No foliar spray shall be above 4 foot high. Cut vines that extend above 4 feet and treat as woody plants.
3. Spray invasive grasses and weeds during the growing season with a herbicide that is labeled to control the specific grass or weed approved for use by the Engineer. Apply herbicide at labeled rates and treatment recommendations.

c. Side Trimming

This work consists of side trimming of the tree branches that are encroaching or are a threat to encroach from the sides of the R/W onto the travel ways. The work may range from the systematic pruning of every tree along the R/W to the selective pruning of individual trees which encroach.

1. All tree branches encroaching on the travel ways will be removed to the vertical line of the specified R/W limits or as directed by the Engineer.

2. Side trimming will be performed from the lowest branches to the highest branches along the vertical line of the R/W trees or at the Engineer's discretion.
3. Trees that are leaning over the vertical line that are greater than 8 inches in diameter at breast height (DBH) must be cut at ground level. Dead, diseased or dying trees within the R/W limits must be cut at ground level.
4. All side trimming will be performed by equipment designed to make a clean branch cut.
5. Special care should be taken when side trimming is performed adjacent to utility lines, poles and other structures as specified in Section 10 **Utility Conflicts**.
6. Topping of trees is not allowed. If topping occurs, you must remove the entire tree.

d. Debris and Litter Removal

Debris and litter removal associated with random clearing and/or side trimming is to be removed from the R/W during and by the end of the specified project.

1. Any debris that reaches the travel ways, sidewalks, waterways, water bodies, driveways, concrete ditches and flumes shall be removed immediately.
2. Restore original grades for any area that is disturbed by random clearing/side trimming. Equipment or tire rutting that occurs will need to be repaired by the Contractor.
3. On random clearing operations mulch, grinded and chipped debris may be spread over the cleared areas unless grassing has been designated by the Engineer. Mulch material chips shall not exceed 3 inches in length or 1 inch in diameter and be spread at a thickness not to exceed 3 inches in depth.
4. When performing side trimming operations in rural areas, branches and other debris may be chipped and disposed of on non-mowable slopes or into the tree line within the R/W unless grassing has been designated by the Engineer. Chipped debris spread on the R/W must not exceed 3 inches in height. In urban areas, environmentally sensitive locations and where rural R/W is limited all debris shall be removed from the R/W.
5. Remove all litter, including larger pieces, from the right of way at the end of each working day and dispose of at locations provided by the Contractor. Storage or stockpiling of litter on the right of way is prohibited. Disposal shall be in accordance with applicable laws and regulations. Locations for disposal and costs associated for use of such locations will be the responsibility of the Contractor.
6. Removed debris shall be disposed at locations provided by the Contractor. No burning of debris is allowed on the R/W. Disposal shall be in accordance with local and state laws, and any cost incurred for disposal shall be the responsibility of the Contractor.

e. Other Vegetation Removal Requirements

Perform all work as described herein in a proficient and timely manner. Any tree cutting and removal work begun by the Contractor shall be completed prior to doing any other work.

6. Deliverables

Delivery of Vegetation Removal Services shall be in accordance with the contract terms. The following deliverables are expected for work performed at the locations referenced in Exhibit 4 - Locations, Descriptions and Estimated Quantities.

INSTRUCTIONS: Click here to note the the District's expecations for specific task the ITB is designed for from the Contractor. Describe mileage that will be covered; routes, estimated frequency, and the type of applications. Note any special requirements

7. Quality Acceptance

General Provisions 101 through 150.

INSTRUCTIONS: Click here to enter an acceptance criteria for the services performed and products received before the project deliverables can be accepted. Acceptance criteria can include performance measures and regulatory compliance.

8. Personnel and Sub-Contractors

8.1 Personnel

A. ISA Certified Arborist

The ISA Certified Arborist can be the Contractor, on the Contractor's staff or be outsourced via a subcontractor. If the ISA Certified Arborist requirement is being met by the Contractor's staff or subcontractor, provide the certification for the individual and the individual's name, company representing (if applicable) and contact information including address, phone number(s) and email address. The ISA Certified Arborist will need to be on call when work is being performed.

B. Supervisor

At all times, have on the work site as the Contractor's agent, a competent, English speaking Supervisor, thoroughly experienced in the type of work being performed. The Supervisor's main duties are to supervise the work crew. Supervisor may serve as a Worksite Traffic Control Supervisor (WTCS) if properly certified. The Contractor's Supervisor shall:

1. Have a working cell phone with them during duty hours
2. Must be available at the work site when the work is being performed under this Contract, and as requested;
3. Act as the Contractor's authorized agent in all communications with the Department
4. Shall be responsible for inspecting and reporting the need for major or emergency work to the Engineer immediately.

C. Crew

Utilize the same crew(s) to perform the work in accordance with the requirements herein, whenever possible, so that the personnel can remain familiar with the Project.

1. Provide staff and staffing levels able to perform the work in accordance with the requirements herein.
2. Use personnel who are competent, experienced, and skilled in all aspects of Vegetation Removal Services. The personnel performing these services will be under the sole responsibility of the Contractor.

8.2 Subcontractors

The Department expects the awarded contractor to be fully able to complete the Work as detailed in this ITB. The Department may consider the use of subcontractors to accomplish the work.

- A. All requests to utilize a subcontractor must be submitted in writing and include the following;
 1. **Appendix 4 Subcontractor Request Form**
 2. A notarized copy of **Appendix 5 Georgia Security and Immigration Compliance Act Affidavit (Subcontractor)**
- B. A minimum of ten (10) working days is needed to evaluate a request.
- C. If the Department approves the use of a subcontractor, the Contractor will be held wholly responsible for the actions, quality, and timeliness of all work performed by the subcontractor. The Department will communicate with the Contractor's Supervisor regarding all work.
- D. Determination of whether a subcontractor is approved is the sole decision of the Department.

9. Traffic Control Plan

For Section 150 for Traffic Control in Table 6, attach the special provision and/or you may provide additional traffic control requirements in this section. DELETE this note after traffic control requirements are decided.

Note: When there is an occurrence of conflicting requirements between Specifications and the MUTCD, the more stringent requirement shall control.

10. Utility Conflicts

If applicable to the services to be performed under this ITB, the Contractor shall be responsible for requesting and obtaining utility location marking in a manner that does not interfere with the deadlines established in **Table 8** of the ITB. Contractor shall comply with Georgia Law by ensuring buried utilities are properly marked. They may do so by contacting 811 via web site: www.georgia811.com or by submitting a request on-line or by telephone. Contractor shall perform no work until the site is marked, or that the Georgia811 organization indicates that there are no buried utilities at the location. Utility owners should be contacted a minimum of three (3) business days prior to the commencement of operations. Contractor may not commence work until utilities have been marked at the worksite(s).

The Contractor shall promptly notify the Department when the marking has been requested and when it has been accomplished. An email from the Contractor's supervisor to the Engineer, or his designee, shall be sufficient notification. Utility owners should be contacted a minimum of 48 hours prior to the commencement of operations. Special care shall be used in working around or near existing utilities; protecting them when necessary to provide uninterrupted service. In the event that any utility service is interrupted, the Contractor shall notify the utility owner immediately and shall cooperate with the owner, or his representative, in the restoration of service in the shortest time possible.

Special care shall be used in working around or near existing utilities; protecting them when necessary to provide uninterrupted service. In the event that any utility service is interrupted, the Contractor shall notify the utility owner immediately and shall cooperate with the owner, or his representative, in the restoration of service in the shortest time possible.

Existing fire hydrants shall be kept accessible to fire departments at all times. The Contractor shall adhere to all applicable regulations and follow accepted safety procedures when working in the vicinity of utilities in order to insure the safety of workers and the public.

11. Scheduling and Limitations

11.1 Scheduling

The Contractor shall schedule all work to ensure the least inconvenience and the utmost in safety to the traveling public, the Contractor's, and the Department's forces. The Contractor shall move equipment or materials on or across a traveled way in a manner as not to unduly interfere with traffic. The Department shall have the authority to suspend or stop the Work if weather conditions are such that the Work may be compromised or there is a threat to the safety of the traveling public.

The Department will require the awarded vendor to begin and complete work within the timeframe identified in **Table 9**. The Contractor may establish interim milestones for the project to assume timely completion of all work as identified in **Table 9.1**. The Contractor is required to schedule, with the Department, the start of any work related to this ITB a minimum of 48 business hours in advance. The Contractor must also confirm the schedule or inform the Department of any changes to the schedule each morning work is to be performed. Completion of work includes Department Inspections and any work required to correct deficiencies noted by Department.

11.2 Limitations

A. Lane Closures

The Contractor shall complete the required work of installing, maintaining, and removing the traffic control devices for lane closures and restoring traffic to existing traffic pattern. The Contractor shall detail any required lane closures in the Traffic Control Plan, to be included in the work plan, for Engineer approval.

B. HOLIDAY LANE CLOSURE RESTRICTIONS

In addition, the Contractor shall not close or narrow a lane of traffic, detain and/or alter the traffic flow on or during holidays, holiday weekends, special events, or any other time when traffic is unusually heavy, including, but not limited to, the following:

1. New Year's Day, between the hours of 6:00 a.m. December 31st and 8:00 p.m. January 2nd. If New Year's Day is on a Friday, Saturday, Sunday or Monday, then until 8:00 p.m. the following Tuesday
2. Memorial Day, between the hours of noon on the Friday before and after 9:00 a.m. on the Tuesday after.
3. Independence Day, between the hours of noon the day before Independence Day and 8:00 a.m. the day after Independence Day.

If Independence Day is on a Friday, Saturday, Sunday or Monday, then between the hours of noon the Thursday before Independence Day and 8:00 a.m. on the Tuesday after Independence Day
4. Labor Day, between the hours of noon Friday and 9:00 a.m. Tuesday.
5. Thanksgiving Day, between the hours of noon Wednesday and 9:00 a.m. Monday.
6. Christmas, between the hours of noon Christmas Eve and 9 a.m. the day following the holiday.
7. Holidays and holiday weekends shall include New Years, Easter, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas.
8. The time of availability for the Work shall be the time the Contractor has all lane closures and traffic control in place for the Work based on the time restrictions listed above or as specified in the approved Traffic Control Plan.
9. The completion time for the Work shall be the time the Contractor is required to complete the removal of all traffic control devices for lane closures according to the time restrictions stated above, or in the approved Traffic Control Plan, and place traffic in the existing traffic pattern.

C. Conflict with Holidays/Special Events

Should the Contractor's proposed maintenance schedule conflict with a Holiday or special event and, in the opinion of the Department, negatively impact traffic flow, the Department reserves the right to restrict maintenance operations by notifying the Contractor within forty-eight (48) hours prior to the scheduled maintenance activity. Additionally, the Department reserves the right to cancel or suspend activity when, in the sole opinion of the Department, there is the possibility of a hazard to the motoring public or maintenance personnel within the confines of the traffic work area established by the Contractor.

B. Special Terms and Conditions

1. Inspections and Non-Compliance

1.1 Inspections

The Department will perform inspections to:

- A.** Ensure that required Traffic Control measures are taken to keep the traveling public, the Contractor and employees of GDOT safe.
- B.** Ensure that the Contractor adheres to the contract requirements by inspecting during and after Vegetation Removal Services.

Inspections should be during operations and after operations to assess quality and proper completion. The Department may record inspections by taking photos of Contractors with date/time stamp application. The photos will be used to document issues with application performance.

The Department will complete the GDOT Inspection/Compliance Form after inspecting the work in progress and completed work. Upon inspection, the Engineer will notify the Contractor the Department's acceptance or rejection of the Work. All deficiencies in the Work noted by the Engineer shall be corrected by the Contractor within twenty-four (24) hours after notification unless noted otherwise. The Contractor will be expected to sign the complete GDOT Inspection/Compliance Form.

1.2 Non-Compliance:

When the Department determines that the Contractor has failed to perform the Work to the terms of the ITB, the Contractor shall be deemed in ITB Non-Compliance.

- A.** The Department may withhold all payments if non-compliance as described in section 1.1 occurs until non-compliant actions are corrected.
- B.** Work deficiencies not identified during inspection referenced in above in section 1.1 will be reported to the Contractor by facsimile or electronic mail within seventy-two (72) hours.

2. Measurement

2.1 Measurement

The services covered under the scope of work of this ITB will be measured and accepted by the units in Table 12. Incidentals will be included in the established pay items or if lump sum (job) they will be included in the overall bid.

3. Warranty

The Contractor shall provide any available manufactures' warranty for all parts and assemblies furnished with this contract. Warranty must cover all replacement parts and labor.

4. Department's Right to Cancel or Suspend Work

The Department reserves the right to cancel or suspend repair or maintenance operations of the Contractor when, in its sole judgment, conditions warrant. The following are not all inclusive but are representative of conditions that may be in effect and may cause the Department to cancel or suspend Contractor maintenance repair activities and removal from road, all equipment, personnel, material etc. including the lane closures in effect. The Department will have the right at any time to require the Contractor to put an immediate stop to any procedure, or the use of any equipment (chemical, material, etc., if applicable) considered by the Department to be hazardous (or toxic) to persons, buildings, or surfaces. The Contractor will utilize acceptable substitutes as quickly as possible. The Department has the right to require the Contractor to remove any employee from

the premises temporarily or permanently when in the Departments sole opinion the employee is not suitable. The Contractor will remove this employee immediately and replace as quickly as possible.

5. Construction Projects

The Department reserves the right at any time to Contract for and/or perform other or additional work on or near the Work covered by the Contract. If a road/parking lot/facility rehabilitation or improvement project is under construction or will be under construction where maintenance is scheduled, each Contractor shall conduct the Work so as not to interfere with or hinder the progress or completion of the Work being performed by other Contractors. Contractors working on the same Project shall cooperate with each other.

Each Contractor involved shall assume all liability, financial or otherwise, in connection with this ITB and shall protect and save harmless the Department from any or all damages or claims that may arise because of inconvenience, delay, or loss experienced by him because of the presence and operations of other Contractors working within the limits of the same Project.

The Contractor shall arrange the Work and shall place and dispose of the materials being used so as not to interfere with the operations of the other Contractors within the limits of the same Project. The Contractor shall join his work with that of the others in an acceptable manner and shall perform it in proper sequence to that of the others.

6. Damages

The Contractor must report any and all incidents or accidents that occur while performing service. All personal injury, vehicle and property damage accidents are to be verbally reported immediately by calling the District Engineer followed by a written report to the District Engineer, the Engineer inspecting the work, or his designee, within two (2) business days of any incident or accident. Contractor shall describe in full detail what occurred, and the extent of injury and damage, and shall provide the names of those individuals involved along with their contact phone numbers.

In the event that any damage to State infrastructure occurs during progress of the work and is caused by work operations, the Contractor must notify the Department immediately and will be required to repair or replace the damaged item with a like item at the Contractor's expense. In the event that damage occurs during progress of the work and is caused by work operations and said damage has to be repaired or replaced utilizing Department property, supplies, or personnel, the cost of the repair or replacement shall be calculated and deducted from the Contractor's payment.

7. Bid Substitutions, Alternates, Exceptions, and Extensions

No substitutions or alternates will be accepted for this bid. Any Contractors submitting substitutions or alternates will be considered non-responsive and will not be considered for award.
