INTRODUCING LAPPS:
GDOT'S NEW LOCAL ADMINISTERED PROJECTS & PROGRAM SITE

LAPPS is a new digital platform developed to enhance the LAP Program

The new LAPPS web-based application will streamline and simplify the LAP Program certification and recertification process for Local Public Agencies and GDOT staff.

Access LAPPS here: **https://lapps.dot.ga.gov/**

- ✓ LAPPS is easy to navigate
- ✓ Faster application reviews and approvals within 45 days
- ✓ Secure document submission
- ✓ Real-time application status tracking, notifications and workflow updates
- ✓ Transparent, standardized review process
- ✓ Better collaboration between local agencies and staff

LAPPS is brought to you by the GDOT Office of Program Control, GDOT Office of Infrastructure Technology (IT) and the Jacobs LAP Program Team with technology partner, QNOPY

LAPPS Launch - March 2, 2026!

Quicker LAP certification and recertification application review and approval timelines!

- The LAP Team has also developed a ***User Manual*** to guide you through the new LAPPS application process
- ***Access LAPPS and the User Manual from the LAP webpage, under the Application tab***
- Local Public Agencies can opt to use the existing LAP certification and recertification paper applications until ***April 1, 2026. After April 1, these applications can only be submitted through LAPPS***
