*Hall County...*

### **State Route 11/US 129 Widening Project Ongoing**

GAINESVILLE, Ga. – The State Route 11 or US 129 widening project through Hall and Jackson counties is ongoing. Upcoming construction work that will affect traffic traveling in the passing lanes has created the need to close them to traffic. Traffic will not be able to use passing lanes headed northbound on SR11/US129 beginning at Pond Fork Road to the Hall County Line. The southbound passing lane is also going to be eliminated to allow construction activities, from Fuller Road to the Hall County line.

Please drive alert and slow down while traveling through the work zone. This will create some delays please dial 511 to know before you go.

To see a video of the project please visit our Northeast Region YouTube video link:
