

I-75 at Bethlehem Road Interchange

P.I. Number: 0017182 – A P3 Division Design-Build Project

Fact Sheet

What is the Project?

This project will construct a new interchange along Interstate 75 (I-75) at County Road (CR) 312/Bethlehem Road between Bill Gardner Parkway and State Route (SR) 155 in Henry County, GA. The proposed improvements also include realigning and widening Bethlehem Road to four lanes along the project corridor and constructing roundabouts at the new interchange ramps and at each end of the newly aligned roadway.

5 Things You Need to Know

1. The new interchange would provide an additional access point along I-75 to and from CR 312/ Bethlehem Road, enhancing connectivity for vehicles using US Highway 23/SR 42 to the east and Greenwood Road/Lester Mill Road to the west.
2. The proposed project length would be approximately two miles.
3. As part of the project, new bridges over I-75 and Bethlehem Bottoms will also be constructed.
4. Cul-de-sacs are proposed along existing Bethlehem Road on the east and west sides of I-75 and prior to the connection at Greenwood Road/Lester Mill Road.
5. This project is in ongoing coordination with the future [I-75 Commercial Vehicle Lanes](#) project (P.I. 0014203) and [SR 42 at Norfolk Southern Bridge Replacement](#) project (P.I. 0013995) as currently proposed.

What's the Status?

The Georgia Department of Transportation (Georgia DOT) recently selected the Design-Build (DB) team for the I-75 at Bethlehem Road Interchange project in Henry County. The project was recently awarded to a joint venture between C.W. Matthews Contracting Co., Inc. & E.R. Snell Contractor, Inc., and ICE, LLC. Final design is expected to start in Q1 2026. Construction of the project is expected in late 2026 with substantial completion anticipated in late 2029. This schedule is subject to change.
